

MATERIAL SAFETY DATA SHEET

Section 1. Company Identification and Product Information			
Product Name or Identity:	Agri-Screen® for DON, Veratox® for DON 5/5, Veratox® for DON HS, Veratox® DON-ST (Single Test), Veratox® for DON 2/3		
Manufacturer's Name:	Neogen Corporation	Emergency Phone No.:	517/372-9200
	620 Leshar Place	Fax No.:	517/372-0108
	Lansing, MI 48912	e-mail:	foodsafety@neogen.com
Date Prepared or Revised:	September 2008	Chemtrec: (800) 424-9300 Outside US and Canada: (703) 527-3887	

Section 2. Composition / Information on Hazardous Ingredients			
This product is a mixture of the substances listed below with the addition of nonhazardous materials.			
Hazardous Components Specific Chemical Identity:	CAS-No.	%	Hazard Symbol
Enhance K-Blue (Substrate)	N/A	N/A	Xi (Irritant)

Section 3. Health Hazard Identification	
Health Hazards: <i>(Acute and Chronic)</i>	Information pertaining to particular dangers for man and environment. R 36 / 38, Irritating to eyes and skin.

Section 4. First Aid Measures	
Emergency / First Aid Procedures:	<p>Ingestion: If swallowed, seek medical attention. Wash out mouth with water, provided person is conscious. Show physician product label. Never give anything by mouth to an unconscious person.</p> <p>Inhalation: If inhaled, supply fresh air or oxygen. Seek medical attention immediately. If not breathing, apply artificial respiration. If breathing is difficult, give oxygen.</p> <p>Eye Contact: Rinse opened eye for at least 15 minutes under running water, lifting lower and upper eyelids occasionally. Seek medical attention immediately.</p> <p>Skin Contact: Remove contaminated clothing immediately. Immediately wash with plenty of soap and water for at least 15 minutes. Seek medical attention. Wash clothing before reuse.</p>

Section 5. Fire and Explosion Hazard Data	
Flash Point (Method Used): Closed Cup 93°C (Enhanced K-Blue)	Flammable Limits: LEL – 1.3% (Enhanced K-Blue) UEL – 9.5% (Enhanced K-Blue)
Extinguishing Media: Use alcohol foam, dry chemical, or carbon dioxide. Water may be ineffective.	
Protective Equipment: Sensitive to static discharge. Firefighters should wear protective equipment and self-contained breathing apparatus.	
Unusual Fire and Explosion Hazards: During heating or in case of fire, poisonous gases are produced. Fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source, is a potential dust explosion hazard.	

Section 6. Accidental Release Measures

Personal Precautions: Shut off all sources of ignition, ventilate spill area. Wear suitable protective clothing, gloves, and eye protection. Place contaminated material in a chemical waste container.

Environmental Precautions: Prevent dispersion of material. Wipe up with damp sponge or mop.

Clean-up Methods: Contact safety officer if questions arise and ventilate area.

Refer to Section 7 for Handling Information.

Refer to Section 8 for Person Protection Equipment.

Refer to Section 13 for Disposal Information.

Section 7. Handling and Storage

Handling: Protect against physical damage. Ensure good ventilation / exhaustion and do not breathe vapor. Avoid contact with eyes, skin, and clothing. Avoid prolonged or repeated exposure. Do not use if skin is cut or scratched.

Storage: Keep container tightly closed. Keep away from heat, sparks, flame and incompatible material. Storage area should be cool, dry, and away from incompatible materials.

Other Precautions: Keep respiratory protective device available.

Section 8. Exposure Controls / Personal Protection

Components with limit values that require monitoring:

Not Applicable

OSHA-PEL: N/A

TLV: N/A

Additional Information: Personal Protection listed below are general requirements for laboratory personnel. Follow the usual precautionary measures for handling chemicals / powder. Avoid contact with eyes, skin, and clothing. In the event of use above flash point, use in closed systems. Do not use compressed air by filling, discharging or handling the product. Proper ventilation required. Safety shower and eye bath. Use adequate general or local exhaust ventilation to keep airborne concentrations below the permissible exposure limits.

Personal Protective Equipment:

Keep away from food, beverages, and feed.

Wash hands before and after entering laboratory.

Breathing Equipment: In case of brief exposure, use a chemical fume hood or a NIOSH/MSHA-approved respiratory.

Hand Protection: Use chemical resistant gloves.

Eye Protection: Wear safety glasses or goggles.

Body Protection: Wear lab coat or other protective work clothing.

Section 9. Physical and Chemical Properties

Appearance and Odor: N/A

Boiling Point: Not determined

Melting Point: Not determined

Density: Not determined

Section 10. Stability and Reactivity			
Stability:	Unstable		Conditions to Avoid: Stable under normal storage conditions.
	Stable	X	
Incompatibility (<i>Materials to Avoid</i>): Incompatible with strong oxidizing agents.			
Hazardous Decomposition or Byproducts: Carbon dioxide (CO ₂), Carbon monoxide (CO), or Nitrogen oxides (NO _x).			
Hazardous Polymerization:	May Occur		Conditions to Avoid: Incompatible materials and ignition sources.
	Will Not Occur	X	

Section 11. Toxicological Information
LD/LC50 values that are relevant: N/A
Carcinogenicity Classification: IARC (International Agency for Research on Cancer) - Not Listed NTP (National Toxicology Program) - Not Listed
Eye: Produces irritation. Ingestion: May cause gastrointestinal irritation. Inhalation: Irritant if inhaled, coughing possible and breathing difficulties may be observed Chronic: Prolonged or repeated skin contact may cause dermatitis.
Additional toxicological information: Based on laboratory animal data, chronic exposure of Enhanced K-Blue may cause reproductive disorders. Any toxin(s) present in this kit are at concentration levels below the regulatory threshold limits which require registration under the Select Agent Program in as detailed in 42 CFR Part 73, 9 CFR Part 121, and 7 CFR Part 331.

Section 12. Ecological Information
Ecotoxicity Tests: The ecological effects have not been thoroughly investigated, but currently none have been identified.

Section 13. Disposal Considerations
Waste Disposal Method: Dispose in accordance with all applicable federal (40 CFR 261.3), state, and local environmental regulations. RCRA P-Series: None listed. Contact a licensed professional waste disposal service to dispose of this material if questions arise.
Container Information: Do not remove labels from containers until they have been cleaned.

Section 14. Transport Information
DOT Regulations: Not Regulated
Land Transport ADR/RID (cross-border): Not Regulated
Maritime Transport IMDG: Not Regulated
Marine Pollutant: No
Air Transport ICAO-TI and IATA-DGR: Not Regulated

Section 15. Regulatory Information

EU Regulations, Hazard Symbol(s):

Sodium Phosphate: Xi (Irritant)

Sodium Chloride: Xi (Irritant)

Enhanced K-Blue: Xi (Irritant)

Risk Phrases:

R 36 / 37 / 38, Irritating to eyes, respiratory system, and skin.

Safety Phrases:

S 24 / 25 / 26 / 36, Avoid contact with skin and eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Wear suitable protective clothing.

S 41, In case of fire and / or explosion do not breathe fumes.

Section 16. Other Information

This document is believed to be correct, but does not purport to be all inclusive and shall be used only as a guide. Neogen Corporation shall not be held liable for any damage resulting from handling or from contact with the above product. These suggestions should not be confused with state, municipal or insurance requirements, and constitute NO WARRANTY.
