

Kit SDS Cover Sheet
Product Name:
Item No(s):
This is a test kit that is comprised of several individual components, listed below, each of which may have its own Safety Data Sheet (SDS). If a component does not have a Safety Data Sheet included, the item is an article which does not contain any substances of very high concern included on the Candidate List for inclusion in Annex XIV of the Regulation (EC) No 2020/878 of the European Parliament and of the Council concerning Registration, Evaluation, Authorisation, and Restriction of Chemicals (REACH), Article 33, and does not require a Safety Data Sheet.
Kit Components:
For product information, please contact your Neogen Corporation Representative. For further information regarding this SDS, please contact SDS@neogen.com .

SAFETY DATA SHEET

according to Regulation (EU) 2020/878

Page 1/8

LL1 Enzyme

Revision 0 Revision date 2024-06-13

SECTION 1: Identification of	of the substance/mixture and of the company/undertaking
1.1. Product identifier	
Product name	LL1 Enzyme
Product code	400001093
1.2. Relevant identified uses of	the substance or mixture and uses advised against
Product Use	[SU3] Industrial uses: Uses of substances as such or in preparations at industrial sites; [PC21] Laboratory chemicals;
Description	Intended for use in routine analytics, including quality control and monitoring. Do not use components from one kit with any other kit.
1.3. Details of the supplier of th	ne safety data sheet
Company	Neogen Corporation
Address	620 Lesher Place Lansing MI 48912 USA
Web	www.neogen.com
Telephone	517-372-9200/800-234-5333
Email	SDS@neogen.com
1.4. Emergency telephone nun	nber
	24 hours: Medical: 1-800-498-5743 (U.S. and Canada) or 1-651-523-0318 (international) Spill/CHEMTREC: 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (international)
SECTION 2: Hazards ident	ification
2.1. Classification of the substa	ance or mixture
2.1.2. Classification - EC 1272/2008	Based on available data, this product is not classified as hazardous.
2.2. Label elements	
Hazard Statement	No Significant Hazard
2.3. Other hazards	
Other hazards	Contains material(s) which may be harmful if swallowed. Dust may be irritating if inhaled.
SECTION 3: Composition/ii	nformation on ingredients
Description	
	Mixture does not include substances classified as hazardous at or above disclosure thresholds defined by GHS Classification system and/ or prevailing local chemical classifications. Non-hazardous composition is withheld as confidential business information.

Particle Characteristics

If irritation or symptoms persist.	Particle Characteristics	
Full text of Hazard Statements listed in this Section is provided in Section 16.		No data available.
### SECTION 4: First aid measures ### A1. Description of first aid measures ### Move the exposed person to fresh air. If breathing is difficult give oxygen. If breathing stops, provide artificial respiration. Seek medical attention if irritation or symptoms persist. ### Rinse immediately with plenty of water. Contact lenses should be removed. Seek medical attention if irritation or symptoms persist. #### Remove contaminated clothing. Wash with soap and water. Seek medical attention if irritation symptoms persist. #### Do not induce vomiting unless told to do so by the poison control center or doctor. Rinse mouthoroughly. Never give anything by mouth to an unconscious person. Get medical advice/afte if you feel unwell. ##### A2. Most important symptoms and effects, both acute and delayed #### Inhabition #### May cause irritation to respiratory system. #### May cause irritation to respiratory system. #### May cause irritation to eyes. #### May cause irritation or skin. ### Ingestion ### Ingestion may cause nause and vomiting. ### Indication of any immediate medical attention and special treatment needed ### Remove the affected person from the source of contamination immediately. Transfer to hospit there are brums or symptoms of poisoning, Seek medical attention if irritation or symptoms per if medical advice is needed, have product container or label at hand. #### SECTION 5: Firefighting measures #### Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protectiothing. #### Avoid formation of dust. Do not allow undiluted product to be released to ground water, water course or sewage system. #### Avoid formation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensura adequate ventilation of the working area. Avoid prolonged or repeated exposure. #### Avoid formation of the working area. Avoid prolong	Further information	
A1. Description of first aid measures Inhalation Move the exposed person to fresh air. If breathing is difficult give oxygen. If breathing stops, provide artificial respiration. Seek medical attention if irritation or symptoms persist. Rinse immediately with plenty of water. Contact lenses should be removed. Seek medical attention if irritation or symptoms persist. Remove contaminated clothing. Wash with soap and water. Seek medical attention if irritation symptoms persist. Do not induce vomiting unless told to do so by the poison control center or doctor. Rinse mou thoroughly. Never give anything by mouth to an unconscious person. Get medical advice/atte if you feel unwell. 4.2. Most important symptoms and effects, both acute and delayed Inhalation May cause irritation to respiratory system. May cause irritation to eyes. May cause irritation to skin. Ingestion Ingestion and provided person from the source of contamination immediately. Transfer to hospit there are burns or symptoms of poisoning. Seek medical attention if irritation or symptoms per if medical advice is needed, have product container or label at hand. SECTION 5: Firefighting measures 5.1. Extinguishing media Use extinguishing media appropriate to the surrounding fire conditions. 5.2. Special hazards arising from the substance or mixture Avoid formation of dust. Do not allow undiluted product to be released to ground water, water course or sewage system. 5.3. Advice for firefighters Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protectiothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment, Protective clothing. Ensura adequate ventilation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensura adequate ventilation of the working area. Avoid prolonged or repeated exposure. Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not flus into surface water. Do not let product contaminate subsoil.		Full text of Hazard Statements listed in this Section is provided in Section 16.
A.1. Description of first aid measures Inhalation Move the exposed person to fresh air. If breathing is difficult give oxygen. If breathing stops, provide artificial respiration. Seek medical attention if irritation or symptoms persist. Rinse immediately with plenty of water. Contact lenses should be removed. Seek medical attention if irritation or symptoms persist. Move the exposed person to fresh air. If breathing is difficult give oxygen. If breathing stops, provide artificial respiration. Seek medical attention if irritation or symptoms persist. Rinse immediately with plenty of water. Contact lenses should be removed. Seek medical atteit if irritation or symptoms persist. Remove contaminated clothing. Wash with soap and water. Seek medical attention if irritation symptoms persist. Do not induce vomitting unless told to do so by the poison control center or doctor. Rinse mou thoroughly. Never give anything by mouth to an unconscious person. Get medical advice/atte if you feel unwell. 4.2. Most important symptoms and effects, both acute and delayed		
Prevent further spillage in section of the working area thoroughly with plenty of water. Contact lenses should be removed. Seek medical attention if irritation or symptoms persist. Rinse immediately with plenty of water. Contact lenses should be removed. Seek medical attentif irritation or symptoms persist. Remove contaminated clothing. Wash with soap and water. Seek medical attention if irritation symptoms persist. Do not induce vomitting unless told to do so by the poison control center or doctor. Rinse mou thoroughly. Never give anything by mouth to an unconscious person. Get medical advice/atterif you feel unwell. A.2. Most important symptoms and effects, both acute and delayed	•	
If irritation or symptoms persist.	Innalation	provide artificial respiration. Seek medical attention if irritation or symptoms persist.
Symptoms persist. Do not induce vomiting unless told to do so by the poison control center or doctor. Rinse mou thoroughly. Never give anything by mouth to an unconscious person. Get medical advice/atte if you feel unwell.	Eye contact	Rinse immediately with plenty of water. Contact lenses should be removed. Seek medical attention if irritation or symptoms persist.
thoroughly. Never give anything by mouth to an unconscious person. Get medical advice/atte if you feel unwell. 4.2. Most important symptoms and effects, both acute and delayed Inhalation Eye contact May cause irritation to eyes. May cause irritation	Skin contact	Remove contaminated clothing. Wash with soap and water. Seek medical attention if irritation or symptoms persist.
Inhalation Eye contact Skin contact May cause irritation to respiratory system. May cause irritation to eyes. May cause irritation to skin. Ingestion Ingestion Ingestion and special treatment needed Remove the affected person from the source of contamination immediately. Transfer to hospit there are burns or symptoms of poisoning. Seek medical attention if irritation or symptoms per If medical advice is needed, have product container or label at hand. SECTION 5: Firefighting measures 5.1. Extinguishing media Use extinguishing media appropriate to the surrounding fire conditions. 5.2. Special hazards arising from the substance or mixture Avoid formation of dust. Do not allow undiluted product to be released to ground water, water course or sewage system. 5.3. Advice for firefighters Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protection clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Avoid formation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensuradequate ventilation of the working area. Avoid prolonged or repeated exposure. 6.2. Environmental precautions Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not flus into surface water. Do not let product contaminate subsoil.	Ingestion	Do not induce vomiting unless told to do so by the poison control center or doctor. Rinse mouth thoroughly. Never give anything by mouth to an unconscious person. Get medical advice/attention
Eye contact Skin contact May cause irritation to eyes. May cause irritation to eyes. May cause irritation to skin. Ingestion Ingestion may cause nausea and vomiting. 4.3. Indication of any immediate medical attention and special treatment needed Remove the affected person from the source of contamination immediately. Transfer to hospit there are burns or symptoms of poisoning. Seek medical attention if irritation or symptoms pelf medical advice is needed, have product container or label at hand. SECTION 5: Firefighting measures 5.1. Extinguishing media Use extinguishing media appropriate to the surrounding fire conditions. 5.2. Special hazards arising from the substance or mixture Avoid formation of dust. Do not allow undiluted product to be released to ground water, water course or sewage system. 5.3. Advice for firefighters Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protectiving. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Avoid formation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensuratequate ventilation of the working area. Avoid prolonged or repeated exposure. 6.2. Environmental precautions Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not flus into surface water. Do not let product contaminate subsoil.	4.2. Most important sympto	oms and effects, both acute and delayed
Skin contact Ingestion Ingestion Ingestion way cause irritation to skin. Ingestion may cause nausea and vomiting. 4.3. Indication of any immediate medical attention and special treatment needed Remove the affected person from the source of contamination immediately. Transfer to hosping there are burns or symptoms of poisoning. Seek medical attention if irritation or symptoms per lif medical advice is needed, have product container or label at hand. SECTION 5: Firefighting measures 5.1. Extinguishing media Use extinguishing media appropriate to the surrounding fire conditions. 5.2. Special hazards arising from the substance or mixture Avoid formation of dust. Do not allow undiluted product to be released to ground water, water course or sewage system. 5.3. Advice for firefighters Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protectional precautions, protective equipment and emergency procedures 6.1. Personal precautions, protective equipment and emergency procedures Avoid formation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensuratequate ventilation of the working area. Avoid prolonged or repeated exposure. 6.2. Environmental precautions Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not flus into surface water. Do not let product contaminate subsoil.	Inhalation	May cause irritation to respiratory system.
Ingestion Ingestion may cause nausea and vomiting. 4.3. Indication of any immediate medical attention and special treatment needed Remove the affected person from the source of contamination immediately. Transfer to hospit there are burns or symptoms of poisoning. Seek medical attention if irritation or symptoms pelf medical advice is needed, have product container or label at hand. SECTION 5: Firefighting measures 5.1. Extinguishing media Use extinguishing media appropriate to the surrounding fire conditions. 5.2. Special hazards arising from the substance or mixture Avoid formation of dust. Do not allow undiluted product to be released to ground water, water course or sewage system. 5.3. Advice for firefighters Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protectiothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Avoid formation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensural adequate ventilation of the working area. Avoid prolonged or repeated exposure. 6.2. Environmental precautions Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not let product contaminate subsoil.	Eye contact	May cause irritation to eyes.
A.3. Indication of any immediate medical attention and special treatment needed Remove the affected person from the source of contamination immediately. Transfer to hospit there are burns or symptoms of poisoning. Seek medical attention if irritation or symptoms per lif medical advice is needed, have product container or label at hand. SECTION 5: Firefighting measures 5.1. Extinguishing media Use extinguishing media appropriate to the surrounding fire conditions. 5.2. Special hazards arising from the substance or mixture Avoid formation of dust. Do not allow undiluted product to be released to ground water, water course or sewage system. 5.3. Advice for firefighters Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protection clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Avoid formation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensurately adequate ventilation of the working area. Avoid prolonged or repeated exposure. 6.2. Environmental precautions Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not flus into surface water. Do not let product contaminate subsoil.	Skin contact	May cause irritation to skin.
Remove the affected person from the source of contamination immediately. Transfer to hospit there are burns or symptoms of poisoning. Seek medical attention if irritation or symptoms pelf medical advice is needed, have product container or label at hand. SECTION 5: Firefighting measures 5.1. Extinguishing media Use extinguishing media appropriate to the surrounding fire conditions. 5.2. Special hazards arising from the substance or mixture Avoid formation of dust. Do not allow undiluted product to be released to ground water, water course or sewage system. 5.3. Advice for firefighters Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protectothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Avoid formation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensuradequate ventilation of the working area. Avoid prolonged or repeated exposure. 6.2. Environmental precautions Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not flus into surface water. Do not let product contaminate subsoil.	Ingestion	Ingestion may cause nausea and vomiting.
there are burns or symptoms of poisoning. Seek medical attention if irritation or symptoms per lif medical advice is needed, have product container or label at hand. SECTION 5: Firefighting measures 5.1. Extinguishing media Use extinguishing media appropriate to the surrounding fire conditions. 5.2. Special hazards arising from the substance or mixture Avoid formation of dust. Do not allow undiluted product to be released to ground water, water course or sewage system. 5.3. Advice for firefighters Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protection clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Avoid formation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensurated adequate ventilation of the working area. Avoid prolonged or repeated exposure. 6.2. Environmental precautions Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not flus into surface water. Do not let product contaminate subsoil.	4.3. Indication of any imme	ediate medical attention and special treatment needed
5.1. Extinguishing media Use extinguishing media appropriate to the surrounding fire conditions. 5.2. Special hazards arising from the substance or mixture Avoid formation of dust. Do not allow undiluted product to be released to ground water, water course or sewage system. 5.3. Advice for firefighters Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protectothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Avoid formation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensuratequate ventilation of the working area. Avoid prolonged or repeated exposure. 6.2. Environmental precautions Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not flus into surface water. Do not let product contaminate subsoil.		Remove the affected person from the source of contamination immediately. Transfer to hospital if there are burns or symptoms of poisoning. Seek medical attention if irritation or symptoms persist. If medical advice is needed, have product container or label at hand.
5.2. Special hazards arising from the substance or mixture Avoid formation of dust. Do not allow undiluted product to be released to ground water, water course or sewage system. 5.3. Advice for firefighters Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protectiothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Avoid formation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensurately adequate ventilation of the working area. Avoid prolonged or repeated exposure. 6.2. Environmental precautions Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not flus into surface water. Do not let product contaminate subsoil.	SECTION 5: Firefighting	g measures
5.2. Special hazards arising from the substance or mixture Avoid formation of dust. Do not allow undiluted product to be released to ground water, water course or sewage system. 5.3. Advice for firefighters Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protection clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Avoid formation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensurately adequate ventilation of the working area. Avoid prolonged or repeated exposure. 6.2. Environmental precautions Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not flus into surface water. Do not let product contaminate subsoil.	5.1. Extinguishing media	
5.2. Special hazards arising from the substance or mixture Avoid formation of dust. Do not allow undiluted product to be released to ground water, water course or sewage system. 5.3. Advice for firefighters Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protection clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Avoid formation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensurately adequate ventilation of the working area. Avoid prolonged or repeated exposure. 6.2. Environmental precautions Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not flus into surface water. Do not let product contaminate subsoil.		Use extinguishing media appropriate to the surrounding fire conditions.
Avoid formation of dust. Do not allow undiluted product to be released to ground water, water course or sewage system. 5.3. Advice for firefighters Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protection clothing. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Avoid formation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensure adequate ventilation of the working area. Avoid prolonged or repeated exposure. 6.2. Environmental precautions Prevent further spillage if safe. Revision 0
Revision date 2024-06-13

6.4.	Reference	e to other	sections
------	-----------	------------	----------

See Section(s) 2, 8, and 13 for further information.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. Do not contaminate water by cleaning of equipment or disposal of wastes. Use as appropriate: Protective clothing.

Read the entire label and follow all use directions, restrictions, and precautions.

7.2. Conditions for safe storage, including any incompatibilities

Store at temperatures between 2 °C and 8 °C. Do NOT allow to freeze. Follow label instructions. Store in correctly labelled containers. Keep container tightly closed. Protect from moisture. Do not contaminate water, food, or feed by storage or disposal.

7.3. Specific end use(s)

See Section(s) 1.2 for further information.

Further information

Refer to product label and/or package insert for additional information.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

No occupational exposure limits known.

8.2. Exposure controls

8.2.1. Appropriate engineering controls

8.2.2. Individual protection

Use as appropriate: Protective equipment.

Ensure adequate ventilation of the working area.

measures

Eye / face protection

Use as appropriate: Suitable eye protection.

Skin protection -Handprotection Use as appropriate: Chemical-resistant gloves made of any waterproof material. Wash the outside of gloves before removing them.

Skin protection - Other

Use as appropriate: Protective clothing. Wash contaminated clothing, separately from other laundry, with detergent and water before reuse.

Respiratory protection

In case of insufficient ventilation, wear suitable respiratory equipment. Dust may be irritating if inhaled.

Occupational exposure controls

Exposure above the recommended occupational exposure limit (OEL) may cause adverse health effects. Protect clothing from contact with the product. Provide chemical shower. Provide eye wash station.

Further information

Refer to product label for additional PPE requirements and recommendations. Follow label instructions.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Revision 0 Revision date 2024-06-13

9.1. Information on basic physical and chemical properties

Appearance	Solid
Colour	Light green
Odour	Odourless
Viscosity	Not applicable.
Solubility	Soluble in water
pH	No data available
Melting point	No data available
Odour threshold	No data available
Freezing Point	No data available
Flash point	No data available
Relative Vapour Density	No data available
Initial boiling point	No data available
Evaporation rate	No data available
Density / Relative Density	No data available
Autoignition temperature	No data available
Vapour pressure	No data available
Flammability (solid, gas)	No data available
Fat Solubility	No data available
Partition coefficient (P)	No data available
Explosive properties	No data available
Oxidising properties	No data available

9.2. Other information

No data available
No data available
No data available
1

SECTION 10: Stability and reactivity

10.1. Reactivity	.1. React	tivity	•
------------------	-----------	--------	---

Stable under normal conditions.

10.2. Chemical stability

Stable under normal conditions.

10.3. Possibility of hazardous reactions

Under the specified conditions, hazardous reactions that lead to excessive temperatures or pressure are not expected.

10.4. Conditions to avoid

Do NOT allow to freeze. Protect from moisture.

10.5. Incompatible materials

No data available.

10.6. Hazardous decomposition products

Carbon oxides.

SECTION 11: Toxicological information

Revision 0 **Revision date** 2024-06-13

11.1 Information on hazard classes

11.1 Information on nazard clas	ses
Acute toxicity	Based on available data, the classification criteria are not met. However, this product does contain substance(s) that are classified as hazardous. For more information, see Section 3.
Skin corrosion/irritation	May cause irritation to skin.
Serious eye damage/irritation	May cause irritation to eyes.
Respiratory or skin sensitisation	May cause allergic reactions in susceptible people.
Germ cell mutagenicity	No mutagenic effects reported.
Carcinogenicity	No components at >0,01% are listed in the American Conference of Governmental Industrial Hygienists (ACGIH) Guide to Occupational Exposure Values. Listed by the International Agency for Research on Cancer (IARC) as a group 3 substance: evidence does not support the substance as a human carcinogen, [Polyvinyl pyrrolidone, CAS No. 9003-39-8]. No components at >0,01% are listed in the National Toxicology Program (NTP) Report on Carcinogens. Not listed in the OSHA standard 1910.1003 Carcinogens.
Reproductive toxicity	No teratogenic effects reported.
STOT-single exposure	May cause allergy or asthma symptoms or breathing difficulties if inhaled.
STOT-repeated exposure	No Significant Hazard.
Aspiration hazard	No Significant Hazard.
Repeated or prolonged exposure	Avoid prolonged or repeated exposure. Delayed appearance of the complaints and development of hypersensitivity (difficult breathing, coughing, asthma) are possible.
11.1.2. Mixtures	
	See Section(s) 3 for further information.
11.1.3. Hazard Information	•
	See Section(s) 2 and 3 for further information.
11.1.4. Toxicological Information	1
	No data available
11.1.5. Hazard Class	
	See Section(s) 2 and 14 for further information.
11.1.6. Classification Criteria	
	Based on the Globally Harmonised System (GHS) considerations for the classification of mixtures. See Section 15 for regulatory citations.
11.1.7. Information on likely rou	tes of exposure
	Eye contact. Skin contact. Inhalation. Ingestion.
11.1.8. Symptoms related to the	physical, chemical and toxicological characteristics
	See Section(s) 4.2 for further information.
11.1.9. Delayed and immediate	effects as well as chronic effects from short and long-term exposure
	See Section(s) 4.2 for further information.
11.1.10. Interactive effects	
	No data available.
11.1.11. Absence of specific dat	'
	<1% of this mixture consists of ingredients of unknown acute toxicity.
11.1.12. Mixture versus substan	
	See Section(s) 3 for further information.
	1 Vita in the second of the se

	Revision date 2024-06-13
11.1.13. Other information	
	No data available.
11.2 Information on other hazard	ds
	No data available.
SECTION 12: Ecological info	ormation
12.1. Toxicity	
	No data available
12.2. Persistence and degradab	ility
	No data is available on this product.
12.3. Bioaccumulative potential	
	No data is available on this product.
12.4. Mobility in soil	
	No data is available on this product.
12.5. Results of PBT and vPvB	assessment
	No data is available on this product.
12.6 Endocrine disrupting prope	rties
	No data is available on this product.
12.7 Other adverse effects	
	Specific test data for the substance or mixture is not available.
Further information	T
	Keep out of lakes, ponds, or streams.
SECTION 13: Disposal cons	iderations
13.1. Waste treatment methods	
	Dispose of in compliance with all local and national regulations. Follow label instructions.
Disposal methods	
	Do not contaminate water by cleaning of equipment or disposal of wastes. Do not flush into surface water. Dispose of in compliance with all local and national regulations.
Disposal of packaging	
	Nonrefillable container. Do not reuse or refill this container. If empty: Do not reuse this container. Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
Further information	
	Refer to product label and/or package insert for additional information. Follow label instructions.
SECTION 14: Transport info	rmation
14.1. UN number	
	The product is not classified as dangerous for carriage.
14.2. UN proper shipping name	
	The product is not classified as dangerous for carriage.
14.3. Transport hazard class(es

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

2.1.2. Classification - EC	Based on available data, this product is not classified as hazardous.
1272/2008	

2.2. Label elements

Hazard Statement No Significant Hazard

2.3. Other hazards

Other hazards Contains material(s) which may be harmful if swallowed.

SECTION 3: Composition/information on ingredients

3.2. Mixtures

EC 1272/2008

Chemical Name	Index No.	CAS No.	EC No.	REACH No.	Conc. (%w/w)	Classification
Sodium azide (Sodium azide (as NaN3))	011-004-00-7	26628-22-8	247-852-1		0 - <0.1%	5 Acute Tox. 2: H300; Aquatic Acute 1: H400; Aquatic Chronic 1: H410;

	Revision date 2024-06-13
Description	
	Concentrations listed are not product specifications.
Particle Characteristics	
	Not applicable.
Further information	
	Full text of Hazard Statements listed in this Section is provided in Section 16.
SECTION 4: First aid measu	IFOS
4.1. Description of first aid measurement	
	T. C.
Inhalation	Move the exposed person to fresh air. If breathing is difficult give oxygen. If breathing stops, provide artificial respiration. Seek medical attention if irritation or symptoms persist.
Eye contact	Rinse immediately with plenty of water. Contact lenses should be removed. Seek medical attention if irritation or symptoms persist.
Skin contact	Remove contaminated clothing. Wash with soap and water. Seek medical attention if irritation or
	symptoms persist.
Ingestion	Do not induce vomiting unless told to do so by the poison control center or doctor. Rinse mouth thoroughly. Never give anything by mouth to an unconscious person. Get medical advice/attention
	if you feel unwell.
4.2. Most important symptoms a	and effects, both acute and delayed
Inhalation	May cause irritation to respiratory system.
Eye contact	May cause irritation to eyes.
Skin contact	May cause irritation to skin.
Ingestion	Ingestion may cause nausea and vomiting.
4.3. Indication of any immediate	e medical attention and special treatment needed
	Remove the affected person from the source of contamination immediately. Transfer to hospital if there are burns or symptoms of poisoning. Seek medical attention if irritation or symptoms persist. If medical advice is needed, have product container or label at hand.
SECTION 5: Firefighting me	asures
5.1. Extinguishing media	
o. r. Exampaioring modia	Use extinguishing media appropriate to the surrounding fire conditions.
5.2. Special hazards arising from	
5.2. Special flazards arising no	
	Product does not support combustion. Do not allow undiluted product to be released to ground water, water course or sewage system.
5.3. Advice for firefighters	
	Do not breathe vapour or spray mist. Wear self-contained breathing apparatus and chemical-protective clothing.
SECTION 6: Accidental rele	ase measures
6.1. Personal precautions, prote	ective equipment and emergency procedures
	Use as appropriate: Protective equipment, Protective clothing. Ensure adequate ventilation of the working area. Avoid prolonged or repeated exposure.
6.2. Environmental precautions	·
·	Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not flush into surface water. Do not let product contaminate subsoil.
6.3. Methods and material for c	
The second secon	Absorb spillage to prevent material damage. Clean spillage area thoroughly with plenty of water.
	Do not contaminate water by cleaning of equipment or disposal of wastes.

Revision Revision date 2024-06-13

6.4. Reference to other sections

See Section(s) 2, 8, and 13 for further information.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. Do not contaminate water by cleaning of equipment or disposal of wastes. Use as appropriate: Protective clothing.

Read the entire label and follow all use directions, restrictions, and precautions.

7.2. Conditions for safe storage, including any incompatibilities

Store at temperatures between 2 °C and 8 °C. Do NOT allow to freeze. Follow label instructions. Store in correctly labelled containers. Keep container tightly closed. Do not contaminate water, food, or feed by storage or disposal.

7.3. Specific end use(s)

See Section(s) 1.2 for further information.

Further information

Refer to product label and/or package insert for additional information. Follow label instructions.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

No occupational exposure limits known.

8.1.1. Exposure Limit Values

Sodium azide	(Sodium	azide	(as
NaN3//			

WEL 8-hr limit ppm: -

respirable dust:

WEL 8-hr limit mg/m3: 0.1

WEL 15 min limit ppm: -WEL 8-hr limit mg/m3 total inhalable dust: WEL 8-hr limit mg/m3 total -

respirable dust:

8.2. Exposure controls

8.2.1. Appropriate engineering controls

Ensure adequate ventilation of the working area.

8.2.2. Individual protection measures

Use as appropriate: Protective equipment.

Eye / face protection

Use as appropriate: Suitable eye protection.

Skin protection -Handprotection

Use as appropriate: Chemical-resistant gloves made of any waterproof material. Wash the outside of gloves before removing them.

Skin protection - Other

Use as appropriate: Protective clothing. Wash contaminated clothing, separately from other laundry, with detergent and water before reuse.

Respiratory protection

In case of insufficient ventilation, wear suitable respiratory equipment.

Occupational exposure controls

Exposure above the recommended occupational exposure limit (OEL) may cause adverse health effects. Protect clothing from contact with the product. Provide chemical shower. Provide eye wash station.

Revision 0
Revision date 2024-06-13

Further information

Remove and wash contaminated clothing before reuse.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Liquid Appearance Colour Colourless Odour Odourless Flammability (solid, gas) Not applicable. Solubility Soluble in water **Explosive properties** Not applicable. Melting point No data available Flash point Not applicable. Freezing Point No data available Autoignition temperature Not applicable. Odour threshold No data available Initial boiling point No data available **Evaporation rate** No data available Density / Relative Density No data available **Fat Solubility** No data available No data available Vapour pressure Partition coefficient (P) No data available Viscosity No data available No data available pН No data available Oxidising properties

No data available

SECTION 11: Toxicological information

11	1	Information	on hozard	oloccoc
-11	. 1	intormation	on nazaro	ciasses

Acute toxicity	Based on available data, the classification criteria are not met. However, this product does contain substance(s) that are classified as hazardous. For more information, see Section 3.			
Skin corrosion/irritation	May cause irritation to skin.			
Serious eye damage/irritation	May cause irritation to eyes.			
Respiratory or skin sensitisation	May cause allergic reactions in susceptible people.			
Germ cell mutagenicity	No mutagenic effects reported.			
Carcinogenicity	No components at >0,01% are listed in the American Conference of Governmental Industrial Hygienists (ACGIH) Guide to Occupational Exposure Values. No components at >0.01% are listed in the International Agency for Research on Cancer (IARC) Monographs. No components at >0,01% are listed in the National Toxicology Program (NTP) Report on Carcinogens. Not listed in the OSHA standard 1910.1003 Carcinogens.			
Reproductive toxicity	No teratogenic effects reported.			
STOT-single exposure	May cause allergy or asthma symptoms or breathing difficulties if inhaled.			
STOT-repeated exposure	No Significant Hazard.			
Aspiration hazard	No Significant Hazard.			
Repeated or prolonged exposure	Avoid prolonged or repeated exposure. Delayed appearance of the complaints and development of hypersensitivity (difficult breathing, coughing, asthma) are possible.			
11.1.2. Mixtures				
	See Section(s) 3 for further information.			
11.1.3. Hazard Information	·			
	See Section(s) 2 and 3 for further information.			
11.1.4. Toxicological Information	'			
	No data available			
11.1.5. Hazard Class				
	See Section(s) 2 and 14 for further information.			
11.1.6. Classification Criteria				
	Based on the Globally Harmonised System (GHS) considerations for the classification of mixtures. See Section 15 for regulatory citations.			
11.1.7. Information on likely rout	tes of exposure			
	Eye contact. Skin contact. Ingestion. Inhalation.			
11.1.8. Symptoms related to the	physical, chemical and toxicological characteristics			
	See Section(s) 4.2 for further information.			
11.1.9. Delayed and immediate	effects as well as chronic effects from short and long-term exposure			
	See Section(s) 4.2 for further information.			
11.1.10. Interactive effects	·			
	No data available.			
11.1.11. Absence of specific data	ra			
	<1% of this mixture consists of ingredients of unknown acute toxicity.			
11.1.12. Mixture versus substan	'			
	See Section(s) 3 for further information.

	Revision date 2024-00-13
11.1.13. Other information	
	No data available.
11.2 Information on other hazard	ds
	No data available.
SECTION 12: Ecological info	ormation
12.1. Toxicity	
	No data available
12.2. Persistence and degradab	ility
	No data is available on this product.
12.3. Bioaccumulative potential	
	No data is available on this product.
12.4. Mobility in soil	
	No data is available on this product.
12.5. Results of PBT and vPvB	assessment
	No data is available on this product.
12.6 Endocrine disrupting prope	rties
	No data is available on this product.
12.7 Other adverse effects	
	Specific test data for the mixture is not available.
Further information	
	Keep out of lakes, ponds, or streams. Do not let product contaminate subsoil.
SECTION 13: Disposal cons	iderations
13.1. Waste treatment methods	
	Dispose of in compliance with all local and national regulations. Follow label instructions.
Disposal methods	
	Do not contaminate water by cleaning of equipment or disposal of wastes. Do not flush into surface water. Dispose of in compliance with all local and national regulations.
Disposal of packaging	
	Nonrefillable container. Do not reuse or refill this container.
	If empty: Do not reuse this container. Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused
	product down any indoor or outdoor drain.
SECTION 14: Transport info	rmation
14.1. UN number	
	The product is not classified as dangerous for carriage.
14.2. UN proper shipping name	
	The product is not classified as dangerous for carriage.
14.3. Transport hazard class(es)
	The product is not classified as dangerous for carriage.
14.4. Packing group	.
	The product is not classified as dangerous for carriage.
14.5. Environmental hazards	

Revision Revision date 2024-06-13

14.5. Environmental hazards

The product is not classified as dangerous for carriage.

14.6. Special precautions for user

The product is not classified as dangerous for carriage.

14.7 Maritime Transport in bulk according to IMO instruments

The product is not classified as dangerous for carriage.

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Regulations COMMISSION REGULATION (EU) 2020/878 of 18 June 2020 amending Annex II to Regulation (EC) No 1272/2008 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH). Chemical Contact SDS@neogen.com for additional information. Please specify country or region with your Inventories/Right-to-Know request. Lists: California Proposition 65: This product does not contain reportable substances at >0,0001% concentration.

SECTION 16: Other information

6.4. Reference to other sections

See Section(s) 2, 8, and 13 for further information.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. Do not contaminate water by cleaning of equipment or disposal of wastes. Use as appropriate: Protective clothing.

Read the entire label and follow all use directions, restrictions, and precautions.

7.2. Conditions for safe storage, including any incompatibilities

Store at temperatures between 2 °C and 8 °C. Do NOT allow to freeze. Follow label instructions. Store in correctly labelled containers. Keep container tightly closed. Protect from moisture. Do not contaminate water, food, or feed by storage or disposal.

7.3. Specific end use(s)

See Section(s) 1.2 for further information.

Further information

Refer to product label and/or package insert for additional information.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

No occupational exposure limits known.

8.2. Exposure controls

8.2.1. Appropriate engineering

controls

Ensure adequate ventilation of the working area.

8.2.2. Individual protection

measures

Use as appropriate: Protective equipment.

Eye / face protection

Skin protection -

Handprotection

Use as appropriate: Suitable eye protection.

Skin protection - Other

Use as appropriate: Chemical-resistant gloves made of any waterproof material. Wash the outside of gloves before removing them.

Use as appropriate: Protective clothing, Wash contaminated clothing, separately from other laundry, with detergent and water before reuse.

Respiratory protection

In case of insufficient ventilation, wear suitable respiratory equipment. Dust may be irritating if inhaled.

Occupational exposure controls

Exposure above the recommended occupational exposure limit (OEL) may cause adverse health effects. Protect clothing from contact with the product. Provide chemical shower. Provide eye wash station.

Further information

Refer to product label for additional PPE requirements and recommendations. Follow label instructions

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Revision 0
Revision date 2024-06-13

9.1. Information on basic physical and chemical properties

Appearance	Solid
Colour	White
Odour	Odourless
Viscosity	Not applicable.
Solubility	Soluble in water
Melting point	No data available
рН	No data available
Odour threshold	No data available
Freezing Point	No data available
Evaporation rate	No data available
Density / Relative Density	No data available
Initial boiling point	No data available
Flash point	No data available
Relative Vapour Density	No data available
Flammability (solid, gas)	No data available
Vapour pressure	No data available
Fat Solubility	No data available
Explosive properties	No data available
Partition coefficient (P)	No data available
Autoignition temperature	No data available
Oxidising properties	No data available

9.2. Other information

Surface tension	Not applicable.
VOC (Volatile organic	No data available
compounds)

11.1.7. Information on likely routes of exposure				
Eye contact. Skin contact. Inhalation. Ingestion.				
11.1.8. Symptoms related to the physical, chemical and toxicological characteristics	_			
See Section(s) 4.2 for further information.				
11.1.9. Delayed and immediate effects as well as chronic effects from short and long-term exposure				
See Section(s) 4.2 for further information.				
11.1.10. Interactive effects				
No data available.				
11.1.11. Absence of specific data				
<1% of this mixture consists of ingredients of unknown acute toxicity.				
11.1.12. Mixture versus substance information	_			
See Section(s) 3 for further information.				
11.1.13. Other information				
No data available.	_			

11.2 Information on other haza	rds
	No data available.
SECTION 12: Ecological in	formation
12.1. Toxicity	
	No data available
12.2. Persistence and degrada	bility
	No data is available on this product.
12.3. Bioaccumulative potentia	
	No data is available on this product.
12.4. Mobility in soil	<u>'</u>
•	No data is available on this product.
12.5. Results of PBT and vPvB	
	No data is available on this product.
12.6 Endocrine disrupting prop	
	No data is available on this product.
12.7 Other adverse effects	
	Specific test data for the substance or mixture is not available.
Further information	opeoine test data for the substance of final available.
Turalor mornidadir	Keep out of lakes, ponds, or streams.
SECTION 13: Disposal con	
13.1. Waste treatment methods	
	Dispose of in compliance with all local and national regulations. Follow label instructions.
Disposal methods	
	Do not contaminate water by cleaning of equipment or disposal of wastes. Do not flush into surface water. Dispose of in compliance with all local and national regulations.
Disposal of packaging	
	Nonrefillable container. Do not reuse or refill this container. If empty: Do not reuse this container. Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
Further information	
	Refer to product label and/or package insert for additional information. Follow label instructions.
SECTION 14: Transport infe	ormation
14.1. UN number	
	The product is not classified as dangerous for carriage.
14.2. UN proper shipping name	
	The product is not classified as dangerous for carriage.
14.3. Transport hazard class(e	
	The product is not classified as dangerous for carriage.
14.4. Packing group	
	The product is not classified as dangerous for carriage.
14.5. Environmental hazards	The product is not successful as an ignored for samage.
o. Environmental hazards

ATPase Buffer

Revision 0
Revision date 2024-06-13

Print date 2024-06-14

SECTION 1: Identification of the substance/mixture and of the company/undertaking		
I.1. Product identifier		
Product name	ATPase Buffer	
1.2. Relevant identified uses of	the substance or mixture and uses advised against	
Product Use	[SU3] Industrial uses: Uses of substances as such or in preparations at industrial sites; [PC21] Laboratory chemicals;	
Description	Intended for use in routine analytics, including quality control and monitoring. Do not use components from one kit with any other kit.	
1.3. Details of the supplier of the	e safety data sheet	
Company	Neogen Corporation	
Address	620 Lesher Place Lansing MI 48912 USA	
Web	www.neogen.com	
Telephone	517-372-9200/800-234-5333	
Email	SDS@neogen.com	
1.4. Emergency telephone num		
	24 hours: Medical: 1-800-498-5743 (U.S. and Canada) or 1-651-523-0318 (international) Spill/CHEMTREC: 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (international)	
SECTION 2: Hazards identification		
2.1. Classification of the substance or mixture		
2.1.2. Classification - EC 1272/2008	Based on available data, this product is not classified as hazardous.	
2.2. Label elements		
Hazard Statement	No Significant Hazard	
2.3. Other hazards		
Other hazards	Contains material(s) which may be harmful if swallowed.	
SECTION 3: Composition/information on ingredients		
Description		
	Concentrations listed are not product specifications. Included on the Candidate List of Substances of Very High Concern (REACH): Nonylphenol, ethoxylates, CAS No. 127087-87-0 (<1.0%).	
Particle Characteristics		
	Not applicable.	
Further information		
	Full text of Hazard Statements listed in this Section is provided in Section 16.	
	·	

Revision 0 Revision date 2024-06-13

SECTION 4: First aid measu	res	
4.1. Description of first aid measures		
Inhalation	Move the exposed person to fresh air. If breathing is difficult give oxygen. If breathing stops, provide artificial respiration. Seek medical attention if irritation or symptoms persist.	
Eye contact	Rinse immediately with plenty of water. Contact lenses should be removed. Seek medical attention if irritation or symptoms persist.	
Skin contact	Remove contaminated clothing. Wash with soap and water. Seek medical attention if irritation or symptoms persist.	
Ingestion	Do not induce vomiting unless told to do so by the poison control center or doctor. Rinse mouth thoroughly. Never give anything by mouth to an unconscious person. Get medical advice/attention if you feel unwell.	
4.2. Most important symptoms a	nd effects, both acute and delayed	
Inhalation	May cause irritation to respiratory system.	
Eye contact	May cause irritation to eyes.	
Skin contact	May cause irritation to skin.	
Ingestion	Ingestion may cause nausea and vomiting.	
4.3. Indication of any immediate	medical attention and special treatment needed	
	Remove the affected person from the source of contamination immediately. Transfer to hospital if there are burns or symptoms of poisoning. Seek medical attention if irritation or symptoms persist. If medical advice is needed, have product container or label at hand.	
SECTION 5: Firefighting mea	asures	
5.1. Extinguishing media		
	Use extinguishing media appropriate to the surrounding fire conditions.	
5.2. Special hazards arising from the substance or mixture		
	Product does not support combustion. Do not allow undiluted product to be released to ground water, water course or sewage system.	
5.3. Advice for firefighters		
	Do not breathe vapour or spray mist. Wear self-contained breathing apparatus and chemical-protective clothing.	
SECTION 6: Accidental relea	ase measures	
6.1. Personal precautions, prote	ctive equipment and emergency procedures	
	Use as appropriate: Protective equipment, Protective clothing. Ensure adequate ventilation of the working area. Avoid prolonged or repeated exposure.	
6.2. Environmental precautions		
	Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not flush into surface water. Do not let product contaminate subsoil.	
6.3. Methods and material for containment and cleaning up		
	Absorb spillage to prevent material damage. Clean spillage area thoroughly with plenty of water. Do not contaminate water by cleaning of equipment or disposal of wastes.	
6.4. Reference to other sections		
	See Section(s) 2, 8, and 13 for further information.	
SECTION 7: Handling and storage		
7.1. Precautions for safe handling		

7.1. Precautions for safe handling

Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. Do not contaminate water by cleaning of equipment or

Revision 0 Revision date 2024-06-13

7.1. Precautions for safe handling	ng
	disposal of wastes. Use as appropriate: Protective clothing.
	Read the entire label and follow all use directions, restrictions, and precautions.
7.2. Conditions for safe storage,	including any incompatibilities
	Store at temperatures between 2 °C and 8 °C. Do NOT allow to freeze. Follow label instructions. Store in correctly labelled containers. Keep container tightly closed. Do not contaminate water, food, or feed by storage or disposal.
7.3. Specific end use(s)	
	See Section(s) 1.2 for further information.
Further information	
	Refer to product label and/or package insert for additional information. Follow label instructions.
SECTION 8: Exposure contr	ols/personal protection
8.1. Control parameters	
	No occupational exposure limits known.
8.2. Exposure controls	
8.2.1. Appropriate engineering controls	Ensure adequate ventilation of the working area.
8.2.2. Individual protection measures	Use as appropriate: Protective equipment.
Eye / face protection	Use as appropriate: Suitable eye protection.
Skin protection - Handprotection	Use as appropriate: Chemical-resistant gloves made of any waterproof material. Wash the outside of gloves before removing them.
Skin protection - Other	Use as appropriate: Protective clothing. Wash contaminated clothing, separately from other laundry, with detergent and water before reuse.
Respiratory protection	In case of insufficient ventilation, wear suitable respiratory equipment.
Occupational exposure controls	Exposure above the recommended occupational exposure limit (OEL) may cause adverse health effects. Protect clothing from contact with the product. Provide chemical shower. Provide eye wash station.
Further information	
	Remove and wash contaminated clothing before reuse.

9.1. Information on basic physical and chemical properties

SECTION 9: Physical and chemical properties

Revision 0
Revision date 2024-06-13

9.1. Information on basic physical and chemical properties

Appearance Liquid Colour Colourless Odour Odourless Flash point Not applicable. Solubility Soluble in water Flammability (solid, gas) Not applicable. Freezing Point No data available Autoignition temperature Not applicable. pН No data available Not applicable. Explosive properties Melting point No data available Odour threshold No data available Initial boiling point No data available **Relative Vapour Density** No data available No data available **Fat Solubility Evaporation rate** No data available **Density / Relative Density** No data available Vapour pressure No data available Viscosity No data available Partition coefficient (P) No data available Oxidising properties No data available

9.2. Other information

Conductivity
Gas group
Lead content
Surface tension
VOC (Volatile organic compounds)
Benzene Content
No data available

SECTION 10: Stability and reactivity

10.1. Reactivity

Stable under normal conditions.

10.2. Chemical stability

Stable under normal conditions.

10.3. Possibility of hazardous reactions

Under the specified conditions, hazardous reactions that lead to excessive temperatures or pressure are not expected.

10.4. Conditions to avoid

Keep away from extreme temperatures.

10.5. Incompatible materials

No data available.

10.6. Hazardous decomposition products

Carbon oxides.

SECTION 11: Toxicological information

11.1 Information on hazard classes

Acute toxicity Based on available data, the classification criteria are not met. However, this product does contain

11.1 Information on hazard classes substance(s) that are classified as hazardous. For more information, see Section 3. Skin corrosion/irritation Serious eye damage/irritation Respiratory or skin May cause irritation to eyes. May cause allergic reactions in susceptible people.
Skin corrosion/irritation May cause irritation to skin. Serious eye damage/irritation May cause irritation to eyes. Respiratory or skin May cause allergic reactions in susceptible people.
Serious eye damage/irritation Respiratory or skin May cause irritation to eyes. May cause allergic reactions in susceptible people.
Respiratory or skin May cause allergic reactions in susceptible people.
sensitisation
Germ cell mutagenicity No mutagenic effects reported.
Carcinogenicity No components at >0,01% are listed in the American Conference of Governmental Industrial Hygienists (ACGIH) Guide to Occupational Exposure Values. No components at >0.01% are listed in the International Agency for Research on Cancer (IARC) Monographs. No components at >0,01% are listed in the National Toxicology Program (NTP) Report on Carcinogens. Not listed in the OSHA standard 1910.1003 Carcinogens.
Reproductive toxicity No teratogenic effects reported.
STOT-single exposure May cause allergy or asthma symptoms or breathing difficulties if inhaled.
STOT-repeated exposure No Significant Hazard.
Aspiration hazard No Significant Hazard.
Repeated or prolonged Avoid prolonged or repeated exposure. Delayed appearance of the complaints and development of hypersensitivity (difficult breathing, coughing, asthma) are possible.
11.1.2. Mixtures
See Section(s) 3 for further information.
11.1.3. Hazard Information
See Section(s) 2 and 3 for further information.
11.1.4. Toxicological Information
No data available
11.1.5. Hazard Class
See Section(s) 2 and 14 for further information.
11.1.6. Classification Criteria
Based on the Globally Harmonised System (GHS) considerations for the classification of mixtures. See Section 15 for regulatory citations.
11.1.7. Information on likely routes of exposure
Eye contact. Skin contact. Ingestion. Inhalation.
11.1.8. Symptoms related to the physical, chemical and toxicological characteristics
See Section(s) 4.2 for further information.
11.1.9. Delayed and immediate effects as well as chronic effects from short and long-term exposure
See Section(s) 4.2 for further information.
11.1.10. Interactive effects
No data available.
11.1.11. Absence of specific data
<1% of this mixture consists of ingredients of unknown acute toxicity.
11.1.12. Mixture versus substance information
See Section(s) 3 for further information.
11.1.13. Other information
No data available.
11.2 Information on other hazards

	Revision date 2024-00-13
11.2 Information on other hazards	
	No data available.
SECTION 12: Ecological info	ormation
12.1. Toxicity	
	No data available
12.2. Persistence and degradab	ility
	No data is available on this product.
12.3. Bioaccumulative potential	·
	No data is available on this product.
12.4. Mobility in soil	·
	No data is available on this product.
12.5. Results of PBT and vPvB	assessment
	No data is available on this product.
12.6 Endocrine disrupting prope	rties
	This product contains a known or suspected endocrine disruptor.
12.7 Other adverse effects	
	Specific test data for the mixture is not available.
Further information	
	Keep out of lakes, ponds, or streams. Do not let product contaminate subsoil.
SECTION 13: Disposal cons	iderations
13.1. Waste treatment methods	
	Dispose of in compliance with all local and national regulations. Follow label instructions.
Disposal methods	·
	Do not contaminate water by cleaning of equipment or disposal of wastes. Do not flush into surface water. Dispose of in compliance with all local and national regulations.
Disposal of packaging	·
	Nonrefillable container. Do not reuse or refill this container. If empty: Do not reuse this container. Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
SECTION 14: Transport info	rmation
14.1. UN number	
	The product is not classified as dangerous for carriage.
14.2. UN proper shipping name	·
	The product is not classified as dangerous for carriage.
14.3. Transport hazard class(es)

7.1. Precautions for safe handling 7.2. Conditions for safe storage, 7.3. Specific end use(s)	Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. Do not contaminate water by cleaning of equipment or disposal of wastes. Use as appropriate: Protective clothing. Read the entire label and follow all use directions, restrictions, and precautions. Including any incompatibilities Store at temperatures between 2 °C and 8 °C. Do NOT allow to freeze. Follow label instructions. Store in correctly labelled containers. Keep container tightly closed. Do not contaminate water, food, or feed by storage or disposal. See Section(s) 1.2 for further information. Refer to product label and/or package insert for additional information. Follow label instructions.
7.1. Precautions for safe handling 7.2. Conditions for safe storage, 7.3. Specific end use(s) Further information	Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. Do not contaminate water by cleaning of equipment or disposal of wastes. Use as appropriate: Protective clothing. Read the entire label and follow all use directions, restrictions, and precautions. Including any incompatibilities Store at temperatures between 2 °C and 8 °C. Do NOT allow to freeze. Follow label instructions. Store in correctly labelled containers. Keep container tightly closed. Do not contaminate water, food, or feed by storage or disposal. See Section(s) 1.2 for further information. Refer to product label and/or package insert for additional information. Follow label instructions.
7.1. Precautions for safe handling 7.2. Conditions for safe storage, 7.3. Specific end use(s) Further information SECTION 8: Exposure control	Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. Do not contaminate water by cleaning of equipment or disposal of wastes. Use as appropriate: Protective clothing. Read the entire label and follow all use directions, restrictions, and precautions. Including any incompatibilities Store at temperatures between 2 °C and 8 °C. Do NOT allow to freeze. Follow label instructions. Store in correctly labelled containers. Keep container tightly closed. Do not contaminate water, food, or feed by storage or disposal. See Section(s) 1.2 for further information. Refer to product label and/or package insert for additional information. Follow label instructions.

Revision 0 Revision date 2024-06-13

8.2. Exposure controls

8.2.1. Appropriate engineering controls

Ensure adequate ventilation of the working area.

8.2.2. Individual protection

Use as appropriate: Protective equipment.

measures

Use as appropriate: Suitable eye protection.

Eye / face protection Skin protection -Handprotection

Use as appropriate: Chemical-resistant gloves made of any waterproof material. Wash the outside of gloves before removing them.

Skin protection - Other

Use as appropriate: Protective clothing. Wash contaminated clothing, separately from other

laundry, with detergent and water before reuse.

Respiratory protection

In case of insufficient ventilation, wear suitable respiratory equipment.

Occupational exposure controls

Exposure above the recommended occupational exposure limit (OEL) may cause adverse health effects. Protect clothing from contact with the product. Provide chemical shower. Provide eye wash station.

Further information

Remove and wash contaminated clothing before reuse.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Appearance	Liquid
Colour	Colourless
Odour	Odourless
Flash point	Not applicable.
Solubility	Soluble in water
Flammability (solid, gas)	Not applicable.
Odour threshold	No data available
Autoignition temperature	Not applicable.
pH	No data available
Explosive properties	Not applicable.
Initial boiling point	No data available
Freezing Point	No data available
Melting point	No data available
Evaporation rate	No data available
Relative Vapour Density	No data available
Vapour pressure	No data available
Fat Solubility	No data available
Density / Relative Density	No data available
Partition coefficient (P)	No data available
Viscosity	No data available
Oxidising properties	No data available

9.2. Other information

Revision 0
Revision date 2024-06-13

9.2. Other information

Conductivity	No data available
	No data available
Surface tension	No data available
Lead content	No data available
VOC (Volatile organic	No data available
compounds)	
Benzene Content	No data available

SECTION 10: Stability and reactivity

10.1. Reactivity

	Stable	under	normal	conditions.
--	--------	-------	--------	-------------

10.2. Chemical stability

Stable under normal conditions.

10.3. Possibility of hazardous reactions

Under the specified conditions, hazardous reactions that lead to excessive temperatures or pressure are not expected.

10.4. Conditions to avoid

Do NOT allow to freeze.

10.5. Incompatible materials

No data available.

10.6. Hazardous decomposition products

Carbon oxides.

SECTION 11: Toxicological information

11.1 Information on hazard classes

Acute toxicity	Based on available data, the classification criteria are not met. However, this product does contain substance(s) that are classified as hazardous. For more information, see Section 3.
Skin corrosion/irritation	May cause irritation to skin.
Serious eye damage/irritation	Causes serious eye irritation.
Respiratory or skin sensitisation	May cause allergic reactions in susceptible people.
Germ cell mutagenicity	No mutagenic effects reported.
Carcinogenicity	No components at >0,01% are listed in the American Conference of Governmental Industrial Hygienists (ACGIH) Guide to Occupational Exposure Values. No components at >0.01% are listed in the International Agency for Research on Cancer (IARC) Monographs. No components at >0,01% are listed in the National Toxicology Program (NTP) Report on Carcinogens. Not listed in the OSHA standard 1910.1003 Carcinogens.
Reproductive toxicity	No teratogenic effects reported.
STOT-single exposure	May cause allergy or asthma symptoms or breathing difficulties if inhaled.
STOT-repeated exposure	No Significant Hazard.
Aspiration hazard	No Significant Hazard.
Repeated or prolonged exposure	Avoid prolonged or repeated exposure. Delayed appearance of the complaints and development of hypersensitivity (difficult breathing, coughing, asthma) are possible.

	Nevision date 2024-00-13
11.1.2. Mixtures	
	See Section(s) 3 for further information.
11.1.3. Hazard Information	
	See Section(s) 2 and 3 for further information.
11.1.4. Toxicological Information	i
	No data available
11.1.5. Hazard Class	·
	See Section(s) 2 and 14 for further information.
11.1.6. Classification Criteria	
	Based on the Globally Harmonised System (GHS) considerations for the classification of mixtures. See Section 15 for regulatory citations.
11.1.7. Information on likely rout	tes of exposure
	Eye contact. Skin contact. Ingestion. Inhalation.
11.1.8. Symptoms related to the	physical, chemical and toxicological characteristics
	See Section(s) 4.2 for further information.
11.1.9. Delayed and immediate	effects as well as chronic effects from short and long-term exposure
	See Section(s) 4.2 for further information.
11.1.10. Interactive effects	
	No data available.
11.1.11. Absence of specific dat	a
	<1% of this mixture consists of ingredients of unknown acute toxicity.
11.1.12. Mixture versus substan	ce information
	See Section(s) 3 for further information.
11.1.13. Other information	·
	No data available.
11.2 Information on other hazard	ds
	No data available.
SECTION 12: Ecological info	prmation
12.1. Toxicity	
12111 Toxiony	No data available
12.2. Persistence and degradab	
	No data is available on this product.
12.3. Bioaccumulative potential	1 1.0 sate to a sate that proceeds
- I I I I I I I I I I I I I I I I I I I	No data is available on this product.
12.5. Results of PBT and vPvB	'
Totallo of F b1 dild 11 Vb	No data is available on this product.
12.6 Endocrine disrupting prope	· · · · · · · · · · · · · · · · · · ·
12.0 Endooning disrupting prope	No data is available on this product.
12.7 Other adverse effects	1 110 data to available on the product.
12.1 Outor adverse effects	Harmful to aquatic life with long lasting effects. Specific test data for the mixture is not available.
	Thannian to aquationine with long labiling effects. Specific test data for the mixture is not available.

Revision 0 Revision date 2024-06-13

	Revision date 2024-06-1
Further information	
	Keep out of lakes, ponds, or streams. Do not let product contaminate subsoil.
SECTION 13: Disposal cons	siderations
13.1. Waste treatment methods	
	Dispose of as special waste in compliance with local and national regulations. Follow label instructions.
Disposal methods	
	Do not contaminate water by cleaning of equipment or disposal of wastes. Do not flush into surface water. Dispose of in compliance with all local and national regulations.
Disposal of packaging	
	Nonrefillable container. Do not reuse or refill this container. If empty: Do not reuse this container. Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
SECTION 14: Transport info	rmation
14.1. UN number	
	The product is not classified as dangerous for carriage.
14.2. UN proper shipping name	<u> </u>
	The product is not classified as dangerous for carriage.
14.3. Transport hazard class(es	<u>. </u>
	The product is not classified as dangerous for carriage.
14.4. Packing group	·
	The product is not classified as dangerous for carriage.
14.5. Environmental hazards	
	The product is not classified as dangerous for carriage.
14.6. Special precautions for us	er
	The product is not classified as dangerous for carriage.
14.7 Maritime Transport in bulk	according to IMO instruments
	The product is not classified as dangerous for carriage.
SECTION 15: Regulatory inf	formation
15.1. Safety, health and environ	mental regulations/legislation specific for the substance or mixture
Regulations	COMMISSION REGULATION (EU) 2020/878 of 18 June 2020 amending Annex II to Regulation (EC) No 1272/2008 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).
Chemical Inventories/Right-to-Know Lists:	Contact SDS@neogen.com for additional information. Please specify country or region with your request.
	California Proposition 65: This product does not contain reportable substances at >0,0001% concentration.
SECTION 16: Other informa	tion
Other information	
Acronyms	ADR/RID: European Agreements Concerning the International Carriage of Dangerous Goods by

Rail (RID) and by Road (ADR).

Revision 0
Revision date 2024-06-13

Other information

CAS No.: Chemical Abstracts Service.

CLASS: Classification, Labelling, and Safety Data Sheet of Hazardous Chemicals Regulation 2013 (Malaysia).

FIFRA: U.S. Federal Insecticide, Fungicide, and Rodenticide Act.

GHS: Globally Harmonized System.

HCS 2012: U.S. Hazard Communication Standard (2012 revision).

IATA: International Air Transport Association.
ICAO: International Civil Aviation Organisation.
IMDG: International Maritime Dangerous Goods.

LD: Lethal dose.

OEL: Occupational exposure limit.

OSHA: U.S. Occupational Safety and Health Administration.

PEL: Permissible Exposure Limit.

REACH: Registration, Evaluation, Authorisation, and Restriction of Chemicals.

STOT: Specific Target Organ Toxicity. SVHC: Substance of very high concern.

US DOT: United States Department of Transportation.

VOC: Volatile Organic Compound. WEL: Workplace Exposure Limit.

Text of Hazard Statements in Section 3

Acute Tox. 4: H302 - Harmful if swallowed.

Eye Dam. 1: H318 - Causes serious eye damage. Aquatic Acute 1: H400 - Very toxic to aquatic life.

Aquatic Chronic 1: H410 - Very toxic to aquatic life with long lasting effects.

Further information

DISCLAIMER: The information and recommendations set forth herein ("Information") are presented in good faith and believed to be correct as of the date issued. No representation is made regarding the completeness or accuracy of the Information. Further, because of the many factors that affect the use of this product, the Information is supplied upon the condition that the person(s) receiving it will make their own determination regarding its suitability for their own unique purpose(s), prior to use.

Except as expressly stated herein, NO WARRANTIES, GUARANTEES, OR REPRESENTATIONS OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, COURSE OF PERFORMANCE, USAGE OF TRADE, OR RESULTS TO BE OBTAINED BY USE OF THIS PRODUCT are made with respect to this product or use of this product. The product covered is furnished "as is" and only subject to the warranties herein provided, no liability is assumed resulting from the use of this product.
