Ideal® EquiSleeve®

Disposable EquiSleeve OB sleeves are made of a thin clear 1.0 mil copolymer film, providing the ultimate in sensitivity and softness. Due to the unique copolymer film, the EquiSleeve has extremely smooth seams reducing irritation of the sensitive mucosal lining, while providing the strength necessary for the most difficult exams. Packaged in resealable, pressure sealed bags (PolyPack).

Key Features

- Ultimate in sensitivity and softness
- 1.0 mil thickness
- 36" overall length

| Ideal EquiSleeve | Product Number | Case Count |
|--------------------------------------|----------------|------------|
| Clear 1.0 mil - pack of 100 | ES100 | 12 |
| Sterile - Clear 1.0 mil - pack of 12 | SES100 | 12 |

Ideal® Poly-Shield™

Economical alternative to the BreederSleeve, designed for use where minimal protection is required. Packaged in a convenient dispenser box.

Key Features

- 0.8 mil thickness
- 34" overall length

| Ideal Poly-Shield | Product Number | Case Count |
|-----------------------------|----------------|------------|
| Purple 0.8 mil - box of 200 | PS151 | 10 |

Ideal® PolyPetite™

The smallest hand of any OB sleeve on the market. The PolyPetite OB sleeve is fitted more snugly through the hand, wrist and arm. Being the smallest OB sleeve offered on the market, it is ideal for users with small hands. It is 36” in length and pink in color. Packaged in a convenient dispenser box. **A portion of sale proceeds will go to breast cancer research at the Markey Cancer Foundation.**

Key Features

- 1.25 mil thickness
- 36” overall length

| Ideal PolyPetite | Product Number | Case Count |
|-------------------|----------------|------------|
| Pink - box of 100 | P125-P | 10 |

Ideal® Standard OB Sleeve
