

Prozap® Backrubber and Pour-On Xtra

Product Number: 0966010

Prozap Backrubber and Pour-On Xtra	Product Number
2.5 gallons	0966010

Purpose

Prozap® Backrubber and Pour-on Xtra is a ready-to-use, synergized insecticide to be applied directly or with the use of backrubbers to livestock. Contains 0.125% Permethrin and 0.125% PBO for use on lactating and non-lactating dairy cattle, beef cattle, and swine to control flies, mosquitoes, ticks, and lice.

Product Description

Backrubber Use: Saturate Prozap Bovi-Rub cattle backrubber or fill reservoir completely of backrubber device. Recharge by soaking or spraying as needed to maintain effective results. Locate the backrubber in common areas to give animals' free access.

Pour-On Application: Apply to animals along back and down face at 1 fl. oz. per 100 lbs. body weight of animal up to a maximum of 8 fluid oz. per animal. Use as needed but not more than once every 2 weeks. Do not slaughter swine within 5 days of last treatment. Treat lactating dairy cows after milking is completed.

Please see entire product label and follow all use directions and use precautions. Use only for the sites, pests, and application methods described on the product label. It is a violation of Federal law to use this product or products in a manner inconsistent with its labeling.
