

Prozap[®] Zinc Phosphide Tracking Powder

Product Number: 112846

Prozap Zinc Phosphide Tracking Powder	Product Number
25 lb Pail	112846

Key Features

- Powerful tracking powder using the acute active Zinc Phosphide
- Just teaspoon amounts will control mice
- Rodents ingest toxicant while grooming, making tracking powder an excellent tool when a tolerance to anticoagulants exists
- Tracking powder works especially well when rodents have extensive food supplies or will not accept other baits
- Dead rodents could appear within hours

Application

Evenly sprinkle 3 to 6 grams by lightly agitating spoon (one to two level teaspoonful amounts) of Prozap[®] Zinc Phosphide Tracking Powder in approximately 3 by 24 inch patches. Using a hand-powered duster, dust into wall voids and spaces between floors. While wearing waterproof gloves, collect and properly dispose of all accessible dead animals. Maintain Prozap Zinc Phosphide Tracking Powder in treated areas for seven days or until fresh signs of mouse activity cease to appear. Clean up any tracking powder that is accessible and dispose of in accordance with disposal directions.

Use Restrictions

Do not apply this product in a way that will contact workers or other persons, either directly or through drift.

Only protected personnel may be in the area during application.

Keep all other persons out of the treated area during application.

Do not apply by any method, to any pest, or to any site not specified on the label. This product may only be used for the control of house mice inside homes, industrial and agricultural buildings, and similar man-made structures. The only exception is that the product may also be dusted from the outside of the building into structural voids.

Apply only in locations inaccessible to children, pets, or domestic animals.

Do not place tracking powder near or inside ventilation duct openings.

Prozap Zinc Phosphide
Tracking Powder

If using this product in agricultural buildings where livestock feeds are stored, or in commercial food service, food manufacturing, or food processing establishments, limit treatments to concealed, inaccessible places such as spaces between floors and walls. Do not apply tracking powder along walls, in corners, or in open floor areas of rooms in which food or feed is handled or stored. Do not apply Prozap Zinc Phosphide Tracking Powder in areas where there is a possibility of contaminating water, food, feedstuffs, food or feed handling equipment, or milk or meat handling equipment or surfaces that come in direct contact with food.

Please see entire product label and follow all use directions and use precautions. Use only for the sites, pests, and application methods described on the product label. It is a violation of Federal law to use this product or products in a manner inconsistent with its labeling.
