

# Prozap® Final-Fly-T®

Product Numbers: 1597510 and 1597010

| Prozap Final-Fly-T | Product Number |
|--------------------|----------------|
| 1 quart bottle     | 1597510        |
| 1 gal jug          | 1597010        |

## Purpose

Prozap®'s Final-Fly-T® has been specially formulated to not only combat flies but to also offer coat conditioning properties for that extra sheen. Final-Fly-T protects against flies while releasing a desirable sheen when brushed throughout the coat. Final-Fly-T is conveniently packaged in a quart spray as well as a 1 gallon refill.

## Product Description

Apply 1 to 2 oz per head per day to provide protection against horse flies, deer flies, stable flies, barn flies, house flies, face flies, mosquitoes, and gnats. Can be applied by either a soft cloth or a fine mist spray.

**Use to Wipe On:** First brush animal to remove excess dirt and dust. Moisten (but do not wet to the point of dripping) a soft cloth and rub over the hair. It is best to apply by rubbing against the hair growth. Apply to common areas where flies will gather: legs, shoulders, shanks, neck, and facial areas. Only a light application is required. Avoid using excessive amounts on your horse and do not wet skin. After application, brush out thoroughly to bring out sheen on coat. Repeat daily as needed.

**Use to Spray:** Final-Fly-T may be applied as a fine mist spray to stable area and over and around stabled horses for fast paralysis and kill of flies. Do not wet horses skin or exceed two ounces per application.
