

# Salmonella Selective Supplement

## Safety Data Sheet

according to the Hazardous Products Regulation (WHMIS 2015)  
Issue date: 06-10-2025 Revision date: 08-26-2026 Supersedes: 06-10-2025 Version: 2.0

### SECTION 1 Identification

#### 1.1. GHS Product identifier

Product form : Mixture  
Trade name : Salmonella Selective Supplement  
Type of product : Food Safety -- [Food Safety]  
Product code : NCM4000

#### 1.2. Other means of identification

Part Number(s) : NCM4000-100|700004862

#### 1.3. Recommended use of the chemical and restrictions on use

Use of the substance/mixture : Laboratory chemicals, Scientific research and development  
Recommended use : Scientific research and development, Laboratory chemicals

#### 1.4. Supplier's details

Neogen Corporation  
620 Leshar Place  
Lansing, Michigan 48912  
United States of America  
T 800.234.5333  
[sds@neogen.com](mailto:sds@neogen.com) - <https://www.neogen.com/>

#### 1.5. Emergency phone number

Emergency number : 24 hours:  
Medical: 1-800-498-5743 (U.S. and Canada) or 1-651-523-0318 (international)  
Spill/CHEMTREC: 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (international)

### SECTION 2 Hazard identification

#### 2.1. Classification of the substance or mixture

##### Classification (GHS CA)

Skin sensitization, Category 1 H317 May cause an allergic skin reaction.  
Full text of H statements : see section 16

#### 2.2. GHS label elements, including precautionary statements

##### GHS CA labeling

Hazard pictograms (GHS CA) :

Signal word (GHS CA) : Warning

Hazard statements (GHS CA) : H317 - May cause an allergic skin reaction

Precautionary statements (GHS CA) : P261 - Avoid breathing dust, fume, gas, mist, vapors, spray.  
P272 - Contaminated work clothing should not be allowed out of the workplace.  
P280 - Wear protective gloves, protective clothing, eye protection, face protection, and hearing protection.  
P302+P352 - IF ON SKIN: Wash with plenty of water.  
P321 - Specific treatment (see supplemental first aid instruction on this label).

# Salmonella Selective Supplement

## Safety Data Sheet

according to the Hazardous Products Regulation (WHMIS 2015)

P333+P313 - If skin irritation or rash occurs: Get medical advice or attention.

P362+P364 - Take off contaminated clothing and wash it before reuse.

P501 - Dispose of contents and/or container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulations.

### 2.3. Other hazards which do not result in classification

No additional information available

## SECTION 3 Composition/information on ingredients

### 3.1. Substances

Not applicable

### 3.2. Mixtures

| Name                     | Chemical name / Synonyms                                                                                                                                                                                                                                                                                             | Product identifier | %          | Classification (GHS CA)                                                                                                                |

## SECTION 4 First-aid measures

### 4.1. Description of necessary first-aid measures

|                                               |                                                                                                                                       |
|-----------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| First-aid measures after inhalation           | : Remove person to fresh air and keep comfortable for breathing.                                                                      |
| First-aid measures after skin contact         | : Wash skin with plenty of water. Take off contaminated clothing. If skin irritation or rash occurs:<br>Get medical advice/attention. |
| First-aid measures after eye contact          | : Rinse eyes with water as a precaution.                                                                                              |
| First-aid measures after ingestion            | : Call a poison center/doctor/physician if you feel unwell.                                                                           |
| First-aid measures general                    | : If you feel unwell, seek medical advice.                                                                                            |
| Personal protection for first-aid responders. | : First-aiders should consider self-protection and use the recommended personal protective equipment (see section 8).                 |

### 4.2. Most important symptoms/effects, acute and delayed

|                                     |                                                                                                                                           |
|-------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Symptoms/effects after inhalation   | : None under normal conditions. Dust of the product, if present, may cause respiratory irritation after an excessive inhalation exposure. |
| Symptoms/effects after skin contact | : May cause an allergic skin reaction.                                                                                                    |
| Symptoms/effects after eye contact  | : None under normal conditions. Dust from this product may cause eye irritation.                                                          |
| Symptoms/effects after ingestion    | : None under normal conditions.                                                                                                           |

### 4.3. Indication of immediate medical attention and special treatment needed, if necessary

|                                   |                          |
|-----------------------------------|--------------------------|
| Other medical advice or treatment | : Treat symptomatically. |
|-----------------------------------|--------------------------|

# Salmonella Selective Supplement

## Safety Data Sheet

according to the Hazardous Products Regulation (WHMIS 2015)

### SECTION 5 Fire-fighting measures

#### 5.1. Suitable extinguishing media

Suitable extinguishing media : Water spray. Dry powder. Foam.  
Unsuitable extinguishing media : Do not use a heavy water stream.

#### 5.2. Specific hazards arising from the chemical

Fire hazard : No fire hazard.  
Explosion hazard : No direct explosion hazard.  
Hazardous decomposition products in case of fire : Toxic fumes may be released.

#### 5.3. Special protective actions for fire-fighters

Firefighting instructions : Fight fire from safe distance and protected location. Do not enter fire area without proper protective equipment, including respiratory protection.  
Protection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.

### SECTION 6 Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

General measures : Notify authorities if product enters sewers or public waters. Absorb spillage to prevent material-damage.  
Environmental precautions : Avoid release to the environment.

#### 6.2. Methods and materials for containment and cleaning up

For containment : Using a clean shovel, put the material in a dry container and cover without compressing it.  
Methods for cleaning up : Mechanically recover the product.  
Other information : Dispose of materials or solid residues at an authorized site.  
For further information refer to section 13.

### SECTION 7 Handling and storage

#### 7.1. Precautions for safe handling

Precautions for safe handling : Ensure good ventilation of the work station. Avoid contact with skin and eyes. Avoid breathing dust/fume/gas/mist/vapors/spray. Wear personal protective equipment.  
Hygiene measures : Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.

#### 7.2. Conditions for safe storage, including any incompatibilities

Technical measures : Keep in a cool, well-ventilated place away from heat.  
Storage conditions : Keep cool. Protect from sunlight.  
Storage temperature : 2 – 8 °C  
Packaging materials : Always store product in container of same material as original container.

### SECTION 8 Exposure controls/personal protection

#### 8.1. Control parameters

No additional information available

# Salmonella Selective Supplement

## Safety Data Sheet

according to the Hazardous Products Regulation (WHMIS 2015)

### 8.2. Appropriate engineering controls

Appropriate engineering controls : Ensure good ventilation of the work station.  
Environmental exposure controls : Avoid release to the environment.

### 8.3. Individual protection measures, such as personal protective equipment (PPE)

#### Personal protective equipment:

Wear recommended personal protective equipment.

#### Hand protection:

Protective gloves

#### Eye protection:

Safety glasses

#### Skin and body protection:

Wear suitable protective clothing

#### Respiratory protection:

In case of insufficient ventilation, wear suitable respiratory equipment

#### Personal protective equipment symbol(s):

## SECTION 9 Physical and chemical properties

### 9.1. Basic physical and chemical properties

|                                                 |                     |
|-------------------------------------------------|---------------------|
| Physical state                                  | : Solid             |
| Appearance                                      | : Powder.           |
| Color                                           | : Blue Green        |
| Odor                                            | : Characteristic    |
| Odor threshold                                  | : No data available |
| pH                                              | : No data available |
| Relative evaporation rate (butyl acetate=1)     | : No data available |
| Relative evaporation rate (ether=1)             | : No data available |
| Melting point                                   | : No data available |
| Freezing point                                  | : Not applicable    |
| Boiling point                                   | : No data available |
| Flash point                                     | : Not applicable    |
| Auto-ignition temperature                       | : Not applicable    |
| Decomposition temperature                       | : No data available |
| Flammability (solid, gas)                       | : Non flammable     |
| Vapor pressure                                  | : No data available |
| Relative vapor density at 20°C                  | : No data available |
| Relative density                                | : No data available |
| Solubility                                      | : Soluble in water. |
| Partition coefficient n-octanol/water (Log Pow) | : No data available |
| Viscosity, kinematic                            | : Not applicable    |

# Salmonella Selective Supplement

## Safety Data Sheet

according to the Hazardous Products Regulation (WHMIS 2015)

Explosion limits : Not applicable  
Particle characteristics : No data available

### 9.2. Data relevant with regard to physical hazard classes (supplemental)

No additional information available

## SECTION 10 Stability and reactivity

Reactivity : The product is non-reactive under normal conditions of use, storage and transport.  
Chemical stability : Stable under normal conditions.  
Possibility of hazardous reactions : No dangerous reactions known under normal conditions of use.  
Conditions to avoid : None under recommended storage and handling conditions (see section 7).  
Incompatible materials : No additional information available  
Hazardous decomposition products : Under normal conditions of storage and use, hazardous decomposition products should not be produced.  
Hardening time: : No additional information available

## SECTION 11 Toxicological information

### 11.1. Likely routes of exposure

Acute toxicity (oral) : Not classified  
Acute toxicity (dermal) : Not classified  
Acute toxicity (inhalation) : Not classified

| <b>Novobiocin, sodium salt (1476-53-5)</b> |                                                                                                                                           |
| Viscosity, kinematic                       | Not applicable                                                                                                                            |
| Symptoms/effects after inhalation          | : None under normal conditions. Dust of the product, if present, may cause respiratory irritation after an excessive inhalation exposure. |
| Symptoms/effects after skin contact        | : May cause an allergic skin reaction.                                                                                                    |
| Symptoms/effects after eye contact         | : None under normal conditions. Dust from this product may cause eye irritation.                                                          |
| Symptoms/effects after ingestion           | : None under normal conditions.                                                                                                           |

## SECTION 12 Ecological information

### 12.1. Toxicity

|                                                           |                                                                                                                        |
|-----------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------|
| Ecology - general                                         | : The product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment. |
| Hazardous to the aquatic environment, short-term (acute)  | : Not classified.                                                                                                      |
| Hazardous to the aquatic environment, long-term (chronic) | : Not classified.                                                                                                      |

|                                           |                                 |
|-------------------------------------------|---------------------------------|
| <b>Fast Green (FCF Green) (2353-45-9)</b> |                                 |
| LC50 - Fish [1]                           | 3000 mg/l (Pisces, Fresh water) |

# Salmonella Selective Supplement

## Safety Data Sheet

according to the Hazardous Products Regulation (WHMIS 2015)

| Fast Green (FCF Green) (2353-45-9) |                                                                                                                                          |
|------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| EC50 72h - Algae [1]               | 62.9 mg/l (OECD 201: Alga, Growth Inhibition Test, Desmodesmus subspicatus, Static system, Fresh water, Experimental value, Growth rate) |

### 12.2. Persistence and degradability

| Salmonella Selective Supplement     |                                     |
|-------------------------------------|-------------------------------------|
| Persistence and degradability       | Not rapidly degradable              |
| Sulfadiazine sodium salt (547-32-0) |                                     |
| Persistence and degradability       | Not rapidly degradable              |
| Novobiocin, sodium salt (1476-53-5) |                                     |
| Persistence and degradability       | Not readily biodegradable in water. |
| Fast Green (FCF Green) (2353-45-9)  |                                     |
| Persistence and degradability       | Not readily biodegradable in water. |

### 12.3. Bioaccumulative potential

| Novobiocin, sodium salt (1476-53-5)             |                                                                   |
|-------------------------------------------------|-------------------------------------------------------------------|
| Bioaccumulative potential                       | Low potential for bioaccumulation (BCF < 500).                    |
| BCF - Fish [1]                                  | 19.28 l/kg (Estimated value)                                      |
| Partition coefficient n-octanol/water (Log Pow) | 2.45 (Estimated value, KOWWIN)                                    |
| Fast Green (FCF Green) (2353-45-9)              |                                                                   |
| Bioaccumulative potential                       | Low potential for bioaccumulation (BCF < 500).                    |
| BCF - Fish [1]                                  | 3.162 l/kg (BCFBAF v3.01, Pisces, Calculated value, Fresh weight) |
| Partition coefficient n-octanol/water (Log Pow) | -5.42 (Estimated value, 25 °C)                                    |

### 12.4. Mobility in soil

| Novobiocin, sodium salt (1476-53-5)                        |                                          |
|------------------------------------------------------------|------------------------------------------|
| Ecology - soil                                             | Low potential for adsorption in soil.    |
| Organic Carbon Normalized Adsorption Coefficient (Log Koc) | 2.457 – 2.672 (log Koc, Estimated value) |
| Fast Green (FCF Green) (2353-45-9)                         |                                          |
| Ecology - soil                                             | Adsorbs into the soil.                   |

### 12.5. Other adverse effects

|                              |                  |
|------------------------------|------------------|
| Ozone                        | : Not classified |
| Fluorinated greenhouse gases | : No             |

## SECTION 13 Disposal considerations

|                                 |                                                                                               |
|---------------------------------|-----------------------------------------------------------------------------------------------|
| Regional waste regulation       | : Disposal must be done according to official regulations.                                    |
| Waste treatment methods         | : Dispose of contents/container in accordance with licensed collector's sorting instructions. |
| Sewage disposal recommendations | : Disposal must be done according to official regulations.                                    |

# Salmonella Selective Supplement

## Safety Data Sheet

according to the Hazardous Products Regulation (WHMIS 2015)

|                                            |                                                                                                                                                                                                                                         |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product/Packaging disposal recommendations | : Comply with applicable regulations for solid waste disposal. Disposal must be done according to official regulations.                                                                                                                 |
| Additional information                     | : Do not re-use empty containers.                                                                                                                                                                                                       |
| Ecological waste information               | : The waste of the product should be considered as hazardous as the product itself, with the likelihood of impacting the environment in the same way. Consider the handling and disposal of the waste as defined by the product itself. |

### SECTION 14 Transport information

In accordance with TDG / DOT / IMDG / IATA

| TDG                                       | DOT           | IMDG          | IATA          |
|-------------------------------------------|---------------|---------------|---------------|
| <b>14.1. UN Number</b>                    |               |               |               |
| Not regulated for transport               |               |               |               |
| <b>14.2. UN Proper Shipping Name</b>      |               |               |               |
| Not regulated                             | Not regulated | Not regulated | Not regulated |
| <b>14.3. Transport hazard class(es)</b>   |               |               |               |
| Not regulated                             | Not regulated | Not regulated | Not regulated |
| <b>14.4. Packing group, if applicable</b> |               |               |               |
| Not regulated                             | Not regulated | Not regulated | Not regulated |
| <b>14.5. Environmental hazards</b>        |               |               |               |
| Not regulated                             | Not regulated | Not regulated | Not regulated |
| No supplementary information available    |               |               |               |

### 14.6. Special precautions for user

#### TDG

Not regulated

#### DOT

Not regulated

#### IMDG

Not regulated

#### IATA

Not regulated

### 14.7. Transport in bulk according to Annex II of MARPOL 73/78<sup>9</sup> and the IBC Code<sup>10</sup>

Not applicable

### SECTION 15 Regulatory information

#### Sulfadiazine sodium salt (547-32-0)

Listed on the Canadian DSL (Domestic Substances List)

#### Novobiocin, sodium salt (1476-53-5)

Not listed on the Canadian DSL (Domestic Substances List)/NDSL (Non-Domestic Substances List)

# Salmonella Selective Supplement

## Safety Data Sheet

according to the Hazardous Products Regulation (WHMIS 2015)

### Fast Green (FCF Green) (2353-45-9)

Listed on the Canadian DSL (Domestic Substances List)

Canada DSL & NDSL Flags

Significant New Activity (SNAc) provisions of the Act apply

### Sulfadiazine sodium salt (547-32-0)

Not listed on the United States TSCA (Toxic Substances Control Act) inventory

Listed on INSQ (Mexican National Inventory of Chemical Substances)

### Novobiocin, sodium salt (1476-53-5)

Not listed on the United States TSCA (Toxic Substances Control Act) inventory

### Fast Green (FCF Green) (2353-45-9)

Listed on the United States TSCA (Toxic Substances Control Act) inventory - Status: Active

## SECTION 16 Other Information

Issue date : 06-10-2025  
Revision date : 08-26-2026  
Supersedes : 06-10-2025

### Full text of hazard classes and H-statements:

|      |                                                                           |
|------|---------------------------------------------------------------------------|
| H302 | Harmful if swallowed                                                      |
| H315 | Causes skin irritation                                                    |
| H317 | May cause an allergic skin reaction                                       |
| H319 | Causes serious eye irritation                                             |
| H334 | May cause allergy or asthma symptoms or breathing difficulties if inhaled |
| H335 | May cause respiratory irritation                                          |
| H402 | Harmful to aquatic life                                                   |
| H412 | Harmful to aquatic life with long lasting effects                         |

Safety Data Sheet (SDS), Canada

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
