## Campylobacter Enrichment Broth (Bolton Broth)

Revision 2  
Revision date 2020-01-13

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

|              |                                               |
|--------------|-----------------------------------------------|
| Product name | Campylobacter Enrichment Broth (Bolton Broth) |
| Product code | NCM0094, LAB135, 7526                         |

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

|             |                                                                                                                                                                           |
|-------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Use | [SU22] Professional uses: Public domain (administration, education, entertainment, services, craftsmen); [PC21] Laboratory chemicals; [PROC15] Use as laboratory reagent; |
| Description | Intended for laboratory use only.                                                                                                                                         |

#### 1.3. Details of the supplier of the safety data sheet

|           |                                             |
|-----------|---------------------------------------------|
| Company   | Neogen Corporation                          |
| Address   | 620 Leshar Place<br>Lansing MI 48912<br>USA |
| Web       | www.neogen.com                              |
| Telephone | 517-372-9200/800-234-5333                   |
| Email     | SDS@neogen.com                              |

#### 1.4. Emergency telephone number

24 hours:  
Medical: 1-800-498-5743 (U.S. and Canada) or 1-651-523-0318 (international)  
Spill/CHEMTREC: 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (international)

#### Further information

|                  |                                                                                                                                                                 |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Manufactured By: | Neogen Corporation<br>740 East Shiawassee<br>Lansing, MI 48912 U.S.A.<br><br>Neogen Corporation<br>1 Quest Park-Moss Hall Road<br>Heywood Lancashire BL97JJ UK. |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

|                                      |                     |
|--------------------------------------|---------------------|
| 2.1.2. Classification - EC 1272/2008 | Eye Irrit. 2: H319; |
|--------------------------------------|---------------------|

#### 2.2. Label elements

## Campylobacter Enrichment Broth (Bolton Broth)

Revision 2  
Revision date 2020-01-13

## 2.2. Label elements

|                                     |                                                                                                                                                                                                                            |
|-------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hazard pictograms                   |                                                                                                                                           |
| Signal Word                         | Warning                                                                                                                                                                                                                    |
| Hazard Statement                    | Eye Irrit. 2: H319 - Causes serious eye irritation.                                                                                                                                                                        |
| Precautionary Statement: Prevention | P264 - Wash thoroughly after handling.<br>P280 - Wear protective gloves/protective clothing/eye protection/face protection.                                                                                                |
| Precautionary Statement: Response   | P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.<br>P337+P313 - If eye irritation persists: Get medical advice/attention. |

## 2.3. Other hazards

|               |                                                                     |
|---------------|---------------------------------------------------------------------|
| Other hazards | Combustible dusts: May form combustible dust concentrations in air. |
|---------------|---------------------------------------------------------------------|

## SECTION 3: Composition/information on ingredients

## 3.2. Mixtures

## EC 1272/2008

| Chemical Name                               | Index No.    | CAS No.   | EC No.    | REACH Registration Number | Conc. (%w/w) | Classification                        |
|---------------------------------------------|--------------|-----------|-----------|---------------------------|--------------|---------------------------------------|
| Sodium carbonate                            | 011-005-00-2 | 497-19-8  | 207-838-8 |                           | 1 - 10%      | Eye Irrit. 2: H319;                   |
| Sodium metabisulphite (Disodium disulphite) | 016-063-00-2 | 7681-57-4 | 231-673-0 |                           | 1 - 10%      | Acute Tox. 4: H302; Eye Dam. 1: H318; |

## Description

|  |                                                       |
|--|-------------------------------------------------------|
|  | Concentrations listed are not product specifications. |
|--|-------------------------------------------------------|

## Further information

|  |                                                                                  |
|--|----------------------------------------------------------------------------------|
|  | Full text of Hazard Statements listed in this Section is provided in Section 16. |
|--|----------------------------------------------------------------------------------|

## SECTION 4: First aid measures

## 4.1. Description of first aid measures

|              |                                                                                                                                                                                                                     |
|--------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Inhalation   | Move the exposed person to fresh air. If breathing is difficult give oxygen. If breathing stops, provide artificial respiration. Seek medical attention if irritation or symptoms persist.                          |
| Eye contact  | Rinse immediately with plenty of water. Contact lenses should be removed. Seek medical attention if irritation or symptoms persist.                                                                                 |
| Skin contact | Remove contaminated clothing. Wash with soap and water. Seek medical attention if irritation or symptoms persist.                                                                                                   |
| Ingestion    | Do not induce vomiting unless told to do so by the poison control center or doctor. Rinse mouth thoroughly. Never give anything by mouth to an unconscious person. Get medical advice/attention if you feel unwell. |

## 4.2. Most important symptoms and effects, both acute and delayed

|              |                                             |
|--------------|---------------------------------------------|
| Inhalation   | May cause irritation to respiratory system. |
| Eye contact  | May cause irritation to eyes.               |
| Skin contact | May cause irritation to skin.               |
| Ingestion    | Ingestion may cause nausea and vomiting.    |

# Campylobacter Enrichment Broth (Bolton Broth)

Revision 2  
Revision date 2020-01-13

## 4.3. Indication of any immediate medical attention and special treatment needed

Remove the affected person from the source of contamination immediately. Transfer to hospital if there are burns or symptoms of poisoning. Seek medical attention if irritation or symptoms persist. If medical advice is needed, have product container or label at hand.

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

Use extinguishing media appropriate to the surrounding fire conditions.

### 5.2. Special hazards arising from the substance or mixture

Avoid raising dust. May form combustible dust/air mixture.

### 5.3. Advice for firefighters

Do not breathe dust or vapour. Wear suitable respiratory equipment when necessary.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

Avoid formation of dust. Use as appropriate: Protective equipment, Protective clothing. Ensure adequate ventilation of the working area. Avoid prolonged or repeated exposure.

### 6.2. Environmental precautions

Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. Do not flush into surface water. Do not let product contaminate subsoil.

### 6.3. Methods and material for containment and cleaning up

Avoid formation of dust. Clean spillage area thoroughly with plenty of water. Do not contaminate water by cleaning of equipment or disposal of wastes.

### 6.4. Reference to other sections

See Section(s) 2, 8, and 13 for further information.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. Do not contaminate water by cleaning of equipment or disposal of wastes. Use as appropriate: Protective clothing.  
Read the entire label and follow all use directions, restrictions, and precautions.

### 7.2. Conditions for safe storage, including any incompatibilities

Store in correctly labelled containers. Keep container tightly closed. Do not contaminate water, food, or feed by storage or disposal. Follow label instructions.

### 7.3. Specific end use(s)

See Section(s) 1.2 for further information.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

#### 8.1.1. Exposure Limit Values

# Campylobacter Enrichment Broth (Bolton Broth)

Revision 2  
Revision date 2020-01-13

## 8.1.1. Exposure Limit Values

|                                                |                                                  |                                                    |
|------------------------------------------------|--------------------------------------------------|----------------------------------------------------|
| Sodium metabisulphite<br>(Disodium disulphite) | WEL 8-hr limit ppm: -                            | WEL 8-hr limit mg/m3: 5                            |
|                                                | WEL 15 min limit ppm: -                          | WEL 15 min limit mg/m3: -                          |
|                                                | WEL 8-hr limit mg/m3 total<br>inhalable dust: -  | WEL 15 min limit mg/m3 total<br>inhalable dust: -  |
|                                                | WEL 8-hr limit mg/m3 total<br>respirable dust: - | WEL 15 min limit mg/m3 total<br>respirable dust: - |

## 8.2. Exposure controls

|                                         |                                                                                                                                                                                                       |
|-----------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                         |                                                                                                                     |
| 8.2.1. Appropriate engineering controls | Ensure adequate ventilation of the working area.                                                                                                                                                      |
| 8.2.2. Individual protection measures   | Use as appropriate: Protective equipment.                                                                                                                                                             |
| Eye / face protection                   | Use as appropriate: Suitable eye protection.                                                                                                                                                          |
| Skin protection -<br>Handprotection     | Use as appropriate: Chemical-resistant gloves made of any waterproof material.                                                                                                                        |
| Skin protection - Other                 | Use as appropriate: Protective clothing.                                                                                                                                                              |
| Respiratory protection                  | In case of insufficient ventilation, wear suitable respiratory equipment.                                                                                                                             |
| Occupational exposure controls          | Exposure above the recommended occupational exposure limit (OEL) may cause adverse health effects. Protect clothing from contact with the product. Provide chemical shower. Provide eye wash station. |

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

# Campylobacter Enrichment Broth (Bolton Broth)

Revision 2  
Revision date 2020-01-13

## 9.1. Information on basic physical and chemical properties

|                                  |                   |
|----------------------------------|-------------------|
| <b>Appearance</b>                | Powder            |
| <b>Colour</b>                    | Beige             |
| <b>Odour</b>                     | Characteristic    |
| <b>Odour threshold</b>           | No data available |
| <b>pH</b>                        | 7.2 - 7.6         |
| <b>Melting point</b>             | No data available |
| <b>Freezing Point</b>            | No data available |
| <b>Initial boiling point</b>     | No data available |
| <b>Flash point</b>               | No data available |
| <b>Evaporation rate</b>          | No data available |
| <b>Flammability (solid, gas)</b> | No data available |
| <b>Vapour pressure</b>           | No data available |
| <b>Vapour density</b>            | No data available |
| <b>Relative density</b>          | No data available |
| <b>Fat Solubility</b>            | No data available |
| <b>Partition coefficient</b>     | No data available |
| <b>Autoignition temperature</b>  | No data available |
| <b>Viscosity</b>                 | No data available |
| <b>Explosive properties</b>      | No data available |
| <b>Oxidising properties</b>      | No data available |
| <b>Solubility</b>                | Soluble in water  |

## 9.2. Other information

|                                         |                   |
|-----------------------------------------|-------------------|
| <b>Conductivity</b>                     | No data available |
| <b>Surface tension</b>                  | No data available |
| <b>Gas group</b>                        | Not applicable.   |
| <b>Benzene Content</b>                  | No data available |
| <b>Lead content</b>                     | No data available |
| <b>VOC (Volatile organic compounds)</b> | Not applicable.   |

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

|  |                                 |
|--|---------------------------------|
|  | Stable under normal conditions. |
|--|---------------------------------|

### 10.2. Chemical stability

|  |                                 |
|--|---------------------------------|
|  | Stable under normal conditions. |
|--|---------------------------------|

### 10.3. Possibility of hazardous reactions

|  |                                                                                                                       |
|--|-----------------------------------------------------------------------------------------------------------------------|
|  | Under the specified conditions, hazardous reactions that lead to excessive temperatures or pressure are not expected. |
|--|-----------------------------------------------------------------------------------------------------------------------|

### 10.4. Conditions to avoid

|  |                                                |
|--|------------------------------------------------|
|  | Keep away from extreme temperatures, Moisture. |
|--|------------------------------------------------|

### 10.5. Incompatible materials

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

### 10.6. Hazardous decomposition products

|  |                |
|--|----------------|
|  | Carbon oxides. |
|--|----------------|

# Campylobacter Enrichment Broth (Bolton Broth)

Revision 2  
Revision date 2020-01-13

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

|                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|-----------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Acute toxicity                    | Based on available data, the classification criteria are not met. However, this product does contain substance(s) that are classified as hazardous. For more information, see Section 3.                                                                                                                                                                                                                                                                                                       |
| Skin corrosion/irritation         | May cause irritation to skin.                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| Serious eye damage/irritation     | May cause irritation to eyes.                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| Respiratory or skin sensitisation | May cause allergic reactions in susceptible people.                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| Germ cell mutagenicity            | No mutagenic effects reported.                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| Carcinogenicity                   | Listed by the International Agency for Research on Cancer (IARC) as a group 3 substance: evidence does not support the substance as a human carcinogen, [Sodium metabisulfite (metabisulfites), CAS No. 7681-57-4].<br>Not listed in the National Toxicology Program (NTP) 14th Report on Carcinogens.<br>Not listed in the American Conference of Governmental Industrial Hygienists (ACGIH) Guide to Occupational Exposure Values.<br>Not listed in the OSHA standard 1910.1003 Carcinogens. |
| Reproductive toxicity             | No teratogenic effects reported.                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| STOT-single exposure              | May cause allergy or asthma symptoms or breathing difficulties if inhaled.                                                                                                                                                                                                                                                                                                                                                                                                                     |
| STOT-repeated exposure            | No Significant Hazard.                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Aspiration hazard                 | No Significant Hazard.                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Repeated or prolonged exposure    | Avoid prolonged or repeated exposure. Delayed appearance of the complaints and development of hypersensitivity (difficult breathing, coughing, asthma) are possible.                                                                                                                                                                                                                                                                                                                           |

### 11.1.2. Mixtures

|  |                                           |
|--|-------------------------------------------|
|  | See Section(s) 3 for further information. |
|--|-------------------------------------------|

### 11.1.3. Hazard Information

|  |                                                 |
|--|-------------------------------------------------|
|  | See Section(s) 2 and 3 for further information. |
|--|-------------------------------------------------|

### 11.1.4. Toxicological Information

|  |                   |
|--|-------------------|
|  | No data available |
|--|-------------------|

### 11.1.5. Hazard Class

|  |                                                  |
|--|--------------------------------------------------|
|  | See Section(s) 2 and 14 for further information. |
|--|--------------------------------------------------|

### 11.1.6. Classification Criteria

|  |                                                                                                                                           |
|--|-------------------------------------------------------------------------------------------------------------------------------------------|
|  | Based on the Globally Harmonised System (GHS) considerations for the classification of mixtures. See Section 15 for regulatory citations. |
|--|-------------------------------------------------------------------------------------------------------------------------------------------|

### 11.1.7. Information on likely routes of exposure

|  |                                                   |
|--|---------------------------------------------------|
|  | Eye contact. Ingestion. Inhalation. Skin contact. |
|--|---------------------------------------------------|

### 11.1.8. Symptoms related to the physical, chemical and toxicological characteristics

|  |                                             |
|--|---------------------------------------------|
|  | See Section(s) 4.2 for further information. |
|--|---------------------------------------------|

### 11.1.9. Delayed and immediate effects as well as chronic effects from short and long-term exposure

|  |                                             |
|--|---------------------------------------------|
|  | See Section(s) 4.2 for further information. |
|--|---------------------------------------------|

### 11.1.10. Interactive effects

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

### 11.1.11. Absence of specific data

|  |                                                                        |
|--|------------------------------------------------------------------------|
|  | <1% of this mixture consists of ingredients of unknown acute toxicity. |
|--|------------------------------------------------------------------------|

# Campylobacter Enrichment Broth (Bolton Broth)

Revision 2  
Revision date 2020-01-13

## 11.1.12. Mixture versus substance information

See Section(s) 3 for further information.

## 11.1.13. Other information

Caution - substance not yet fully tested.

## SECTION 12: Ecological information

### 12.1. Toxicity

No data available

### 12.2. Persistence and degradability

No data is available on this product.

### 12.3. Bioaccumulative potential

No data is available on this product.

### Partition coefficient

**Campylobacter Enrichment Broth** No data available  
**(Bolton Broth)**

### 12.4. Mobility in soil

No data is available on this product.

### 12.5. Results of PBT and vPvB assessment

No data is available on this product.

### 12.6. Other adverse effects

Caution - substance not yet fully tested.

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Dispose of in compliance with all local and national regulations. Follow label instructions.

### Disposal methods

Do not contaminate water by cleaning of equipment or disposal of wastes. Do not flush into surface water. Dispose of in compliance with all local and national regulations.

### Disposal of packaging

Nonrefillable container. Do not reuse or refill this container.  
If empty: Do not reuse this container. Place in trash or offer for recycling, if available.  
If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

## SECTION 14: Transport information

### 14.1. UN number

The product is not classified as dangerous for carriage.

### 14.2. UN proper shipping name

The product is not classified as dangerous for carriage.

### 14.3. Transport hazard class(es)

The product is not classified as dangerous for carriage.

# Campylobacter Enrichment Broth (Bolton Broth)

Revision 2  
Revision date 2020-01-13

## 14.4. Packing group

The product is not classified as dangerous for carriage.

## 14.5. Environmental hazards

The product is not classified as dangerous for carriage.

## 14.6. Special precautions for user

The product is not classified as dangerous for carriage.

## 14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

The product is not classified as dangerous for carriage.

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

|                                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

# Campylobacter Enrichment Broth (Bolton Broth)

Revision 2  
Revision date 2020-01-13

## 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

--European Union (EU) and the United Kingdom (UK)--  
 Authorisation List (Annex XIV of REACH): This material contains no reportable components.  
 Annex XVII for REACH: This material contains no reportable components.  
 Article 95 of the Biocidal Products Regulation (BPR): Not applicable.

--North America--  
 Domestic/Non-Domestic Substances Lists (DSL/NDSL): All ingredients listed or exempt.  
 Toxic Substances Control Act (TSCA): All ingredients listed or exempt.  
 Massachusetts Right-to-Know Hazardous Substance List: This material contains no reportable components.  
 New Jersey Worker and Community Right to Know Act: This material contains no reportable components.  
 Pennsylvania Right to Know Law: Disulfurous acid, disodium salt.  
 Rhode Island Right-to-Know General Law: Sodium metabisulfite.

California Proposition 65: This material contains no reportable components.
