

COMPANION™ Disinfectant

Product Number: 403291

COMPANION Disinfectant	Product Number
32 oz bottle	403291/32
1 gal jug	403291/1

Key Features

- All sizes offer user friendly measured dispensing systems for accurate dilutions
- Provides effective cleaning and disinfection in a single operation
- Fresh citrus scent
- Non-corrosive even after repetitive uses
- User friendly pump dispenses ½ oz concentrate to make 1 gallon of ready-to-use product
- No rinsing required

Product Description

COMPANION™ Disinfectant is specifically formulated for use in veterinary practices, animal care facilities, and animal laboratories. At a dilution of 1:256, COMPANION Disinfectant is a neutral pH product that is non-irritating to personnel, non-corrosive to equipment, and does not peel paint or stain floor finishes. COMPANION is a dual-active cleaner-disinfectant designed to be effective against a broad spectrum of organisms that may present challenges in your facilities. At the ½ ounce per gallon dilution, COMPANION Disinfectant provides a cost-effective solution in your veterinary clinic biosecurity efforts.

COVID-19 is caused by SARS-CoV-2. COMPANION Disinfectant Wipes kill similar viruses and therefore can be used against SARS-CoV-2 when used in accordance with the directions for use against Feline Calicivirus on hard, non-porous surfaces. Refer to the CDC website at <http://www.cdc.gov/outbreaks> for additional information.
