

DeciMax[®]

Product Number: 116850, 116855, 116845, 116840, 116841

Product Description

Neogen's DeciMax[®] rodenticide bait offering contains Bromadiolone, a proven and effective second generation anticoagulant active ingredient. Rats, mice, and meadow voles* may consume a lethal dose in a single night's feeding, with the first dead rodents appearing four or five days after feeding begins. Product offering includes blocks, place packs, and soft bait.

DeciMax Soft Bait

- Highly palatable soft bait manufactured with the highest quality food grade ingredients
- Soft baits are made without wax to ensure more active per placement and high acceptance
- High performance in cold or hot weather conditions
- 10 gram sachets are packaged inside plastic bags within pail to maintain freshness

DeciMax Blocks

- All weather formulation reduces the risk of ruined bait
- Food grade ingredients including grains and seeds provide an irresistible formulation for effective control in most environments
- Ridges on 1oz blocks encourages gnawing and improves consumption

DeciMax Place Packs

- Place packs offer a convenient no-touch bait placement for hard to reach areas
- Pellets inside packs are formulated with food grade material to improve palatability
- 8 lb pail offers 86 – 1.5 oz place packs

*Not permitted for use against the following species in California: Cotton rat, Eastern harvest mouse, Golden mouse, Polynesian rat, Meadow vole, White-throated woodrat, Southern plains woodrat, and Mexican woodrat
