

Prozap® StandGuard® Pour-On

Product Numbers: 1904005, 1907840

StandGuard Pour-On	Product Number
900 mL	1907840
4.5 L	1904005

Key Features

- Contains gamma-cyhalothrin, the latest technology for beef cattle in the pyrethroid class
- Most potent pyrethroid on the market
- Season long lice control with one application
- Smaller dosage rates, thus lowering cost per head treated and less effect on the environment
- No slaughter withdrawal time after usage
- No dilution necessary, simply use as pour on along the back of beef cattle
- Available in 900ml and 4.5l sizes

Purpose

StandGuard® Pour-on is the ideal horn fly and lice control solution that is powerful, low-dose, and easy-to-use.

Product Description

CONVENIENT & READY TO USE — No dilution is necessary, and StandGuard is available in 30-fl oz (900 mL) bottles with an easy squeeze-and-pour design ideal for smaller treatment groups. StandGuard is also available in 4.5 L size, which is more convenient for large operations.

Apply StandGuard Pour-on along the backline from poll to tailhead at the rate of:

- Cattle weighing less than 600 lbs: 10mL (1/3 fl oz)
- Cattle weighing more than 600 lbs: 15ml (1/2 fl oz)
 - One 900 mL bottle treats:
 - 90 head weighing less than 600 lbs
 - 60 head weighing 600 lbs or more
 - One 4.5 L bottle treats:
 - 450 head weighing less than 600 lbs
 - 300 head weighing 600 lbs or more

Note: Not recommended for use on veal calves.

Please see entire product label and follow all use directions and use precautions. Use only for the sites, pests, and application methods described on the product label. It is a violation of Federal law to use this product or products in a manner inconsistent with its labeling.
