# Ramik®

*Product Numbers: See product table on page 2*

## *Active Ingredient: Diphacinone*

- 1st Generation Anticoagulant
- Death may occur within 4-5 days after a lethal dose is consumed
- Fish flavored for high palatability
- Food quality grain mix
- Can be used indoors & outdoors
- Configurations include mini bars, bars and pellets

116341

## *Ramik® Green Pelleted Bait*

Uses food processing technology to produce a palatable, highly attractive bait that retains freshness, sweetness and effectiveness in a long-lasting pellet form. Pellets are hot extruded so they are weather resistant without the wax. Available in 1/2" large bait pellets or 3/16" small bait.

116331

## *Ramik Green Bait Packs*

Ramik Green pellets in easy to use bait packs. Bait packs are ready to use, no touch packs that rodents will gnaw open. Available in 4 oz - 1/2" pellets packs and 1.5 oz - 3/16" pellets packs.

## *Ramik Bars and Mini Bars*

All-weather bar baits are manufactured utilizing a special proprietary extrusion process, where all the ingredients are fully blended, bonded and then shaped into weather proof bait bars. A small amount of edible wax is added to allow these uniform sized bars to be formed.

116334

## *Ramik Mouser*

Ramik bait stations are a great option for the homeowner looking for an effective rodent control solution. Ramik bait stations come in refillable and disposable options. The stations' small opening allow easy access for mice to enter and feed, but prohibit access to children.
