

Insecticide  
Liquid Concentrate

# SureKill® SK50

Product Number: 1746500

### Product Description

SureKill SK50 is a dual-synergized concentrated pyrethrin formulation designed for use as a space spray, fogging application, spot treatment, and crack or crevice application.

### Purpose

SureKill® SK50 provides flushing action and quick knockdown of flying and crawling insects with a dual-synergized 0.5% Pyrethrin formula. SureKill SK50 can be used in all fogging machines, compressed air sprayers, aerosol generators and will not clog ULV fogging equipment.

*Please see this product's entire label and follow all use directions and use precautions. Use only for the sites, pests, and application methods described on the product label. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.*
