

NEOGEN[®] Viroxide Super[™]

Product Number: 433608/11-CAN

Presentation

NEOGEN Viroxide Super	Product Number
5 kg Pail	433608/11-CAN

Key Features

- Powdered, peroxygen-based disinfectant
- Powder formulation is easy to transport
- Extended shelf life when compared to liquid concentrates
- Biodegradable ingredients
- Green color indicates ready for use
- Efficacious in hard water

Product Description

NEOGEN[®] Viroxide Super[™], a powdered, peroxygen-based disinfectant, offers rapid broad-spectrum disinfection as part of a comprehensive biosecurity program. NEOGEN Viroxide Super can be used for disinfection of production animal housing and equipment, boot baths, vehicles, and other hard, non-porous surfaces.

Actives:	Potassium peroxymonosulfate and sodium chloride
Use:	Companion animal facilities, poultry, swine, farm premise, and aquaculture
Activity:	Proven effectiveness against bacteria and viruses
Application:	Manual cleaning, mopping, and high and low pressure spraying

General Instructions

To disinfect, saturate visibly clean hard non-porous surfaces with a 1% use-dilution of NEOGEN Viroxide Super (see dilution chart) for a period of 10 minutes.

Active Ingredients

Potassium peroxymonosulfate	22.41%
Sodium chloride.....	1.50%
Other ingredients.....	76.09%
Total	100.00%
